William Goebel:

William Goebel James C. Klotter, 2021-12-14 The turbulent career of William Goebel 1856 1900 which culminated in assassination marked an end of the century struggle for political control of Kentucky Although populism had become a strong force in the nation the Louisville and Nashville Railroad and ex Confederates still dominated the state and its Democratic party Touting reforms and attaching the railroad monopoly Goebel challenged this old order A Yankee in a state that fancied itself southern Goebel had to depend on a strong organization to win votes As The Kenton King he created a new style of politics To some he was a progressive reformer to others a tyrannical machine boss His drive for power and his enemies fierce opposition aroused violent political factionalism Goebel s fateful duel with a rival his partisan election law and his ruthless convention tactics led to the bitterly contested gubernatorial election of 1899 that resulted in his murder Although the full truth about the murder was never revealed in nearly a decade of trials and the advent of progressive politics was long delayed in Kentucky Goebel s death did relieve the state s political turmoil and induce some legal reforms Using new sources and fresh perspectives James C Klotter portrays Goebel s tumultuous era and discovers the real man within the obscurity of his conflicting images **The First New Dealer, William Goebel** Urey Woodson, 1939 [Political Assassinations and Attempts in US History](#)

J. Michael Martinez, 2017-11-14 The long dark history of political violence in the United States Violence has been employed to achieve political objectives throughout history Taking the life of a perceived enemy is as old as mankind Antiquity is filled with examples of political murders such as when Julius Caesar was felled by assassins in 44 BCE While assassinations and assassination attempts are not unique to the American way of life denizens of other nations sometimes look upon the US as populated by reckless cowboys owing to a Wild West attitude about violence especially episodes involving guns In this book J Michael Martinez focuses on assassinations and attempts in the American republic Nine American presidents Andrew Jackson Abraham Lincoln James A Garfield William McKinley Harry S Truman John F Kennedy Richard Nixon Gerald Ford and Ronald Reagan have been the targets of assassins President elect Franklin D Roosevelt was also a target shortly before he was sworn into office in 1933 Moreover three presidential candidates Theodore Roosevelt Robert F Kennedy and George Wallace were shot by assailants In addition to presidents and candidates for the presidency eight governors seven U S senators nine U S House members eleven mayors seventeen state legislators and eleven judges have been victims of political violence Not all political assassinations involve elected officials Some of those targeted such as Joseph Smith Malcolm X and Martin Luther King Jr were public figures who influenced political issues But their cases are instructive because of their connection to and influence on the political process No other nation with a population of over 50 million people has witnessed as many political assassinations or attempts These violent episodes trigger a series of important questions First why has the United States a country constructed on a bedrock of the rule of law and firmly committed to due process been so susceptible to political violence Martinez addresses these questions as he
