Military History of the United States (Early Exploration through American Civil War) Rodger Woltjer, The Real History of the American Revolution Alan Axelrod, 2007 Axelrod explores the fascinating mix of philosophical ideals and economic self interest that ignited America's struggle for independence Register of the Society of Colonial Wars in the State of Ohio, October 1, 1916 Society of Colonial Wars in the State of Ohio, 1916 **American History** Marcius Willson, 1847 **Religious Identities in Britain, 1660-1832** Robert G. Ingram, 2017-03-02 Through a series of studies focusing on individuals this volume highlights the continued importance of religion and religious identity on British life throughout the long eighteenth century From the Puritan divine and scholar Roger Morrice active at the beginning of the period to Dean Shipley who died in the reign of George IV the individuals chosen chart a shifting world of enlightenment and revolution whilst simultaneously reaffirming the tremendous influence that religion continued to bring to bear For whilst religion has long enjoyed a central role in the study of sixteenth and seventeenth century British history scholars of religion in the eighteenth century have often felt compelled to prove their subject's worth Sitting uneasily at the juncture between the early modern and modern worlds the eighteenth century has perhaps provided historians with an all too convenient peg on which to hang the origins of a secular society in which religion takes a back seat to politics science and economics Yet as this study makes clear in spite of the undoubted innovations and developments of this period religion continued to be a prime factor in shaping society and culture By exploring important connections between religion politics and identity and asking broad questions about the character of religion in Britain the contributions put into context many of the big issues of the day From the beliefs of the Jacobite rebels to the notions of liberty and toleration to the attitudes to the French Wars the book makes an unambiguous and forceful statement about the centrality of religion to any proper understanding of British public life between the Restoration and the Reform Bill Harvard's Military Record in the World War Frederick Sumner Mead, 1921 *The Historians' History of the World* Henry Smith Williams, 1907 Annual Militia List of the Dominion of Canada Canada.
