Governing the Tongue in Northern Ireland Shane Alcobia-Murphy, 2008-12-11 How free is the Northern Irish writer to produce even a short poem when every word will be scrutinised for its political subtext Is the visual artist compelled to react to the latest atrocity Must the creative artist be aware of his or her own inculcated prejudices and political affiliations and must these be revealed overtly in the artwork Because of these and other related questions the recent work by Northern Irish writers and visual artists has been characterised by an inward looking self consciousness It is an art that relays its personal responses in guarded often coded ways Characterised by obliquity and self reflexivity the art does not simply represent events and the artist's emotive response towards them rather it calls attention to the manner of its presentation It is an art about art and its role and place in society Governing the Tongue examines how the creation of art in a time of violence brings about an anxiety in the Northern Irish artist regarding his or her artistic role and how it calls into question the ability to represent events The series of essays is interdisciplinary in its approach exploring the place of art its role and location in the work of key Northern Irish writers Ciaran Carson Seamus Deane Brian Friel Seamus Heaney Michael Longley Medbh McGuckian Eoin McNamee Glenn Patterson and visual artists Willie Doherty Rita Donagh Paul Seawright Victor Sloan

Irish Literature Since 1990 Michael Parker, Scott Brewster, 2013-01-18 This is a distinctive book that examines the diversity and energy of writing in a period marked by the unparalleled global prominence of Irish culture This collection provides a wide ranging survey of fiction poetry and drama over the last two decades considering both well established figures and also emerging writers who have received relatively little critical attention Contributors explore the central developments within Irish culture and society that have transformed the writing and reading of identity sexuality history and gender The book examines the impact of Mary Robinson's Presidency growing cultural confidence back home legislative reform on sexual and moral issues the uneven effects generated by the resurgence of the Irish economy the Celtic Tiger myth Ireland's increasingly prominent role in Europe and changing reputation In its breadth and critical currency this book will be of particular interest to academics and
