Wind Blew:

The Wind Blew Pat Hutchins,1993 A rhymed tale describing the antics of a capricious wind **Then a Wind Blew** Kay Powell,2021-01-10 Then a Wind Blew is set in the final months of the war in Rhodesia before it became Zimbabwe and the story unfolds through the voices of three women Susan Haig a white settler has lost one son in the war and seen her other son declared unfit for duty Nyanye Maseka has fled with her sister to a guerrilla camp in Mozambique her home village destroyed her mother missing Beth Lytton is a nun in a church mission in an African Reserve watching her adopted country tear itself apart The three women have nothing in common Yet the events of war conspire to draw them into each other s lives in a way that none of them could have imagined This absorbing and sensitive novel develops and intertwines their stories showing us the ugliness of war for women caught up in it and reminding us that in the end we all depend on each other **Look What the Wind Blew In** Ann Charles,2015-01-28 A steamy jungle an ancient curse a deadly secret one big sweaty mess Welcome to the jungle A headstrong and determined archaeologist A tall dark and unwelcome photojournalist Both are trying to unearth secrets that have been long buried but an ancient Maya curse threatens to destroy them unless they can learn to trust each other enough to make it out of the jungle alive **And the Wind Blew Cold** Richard M. Bassett,Lewis H. Carlson,2002 When Richard Bassett returned from Korea on convalescent leave in 1953 he set down his experiences in training combat and captivity More than 20 years later hospitalized for acute Post Traumatic Stress Disorder he once again faced his personal demons This work expands the memoir to include his post war struggles with the US government and his own wounded psyche He describes the shock of capture and ensuing long march to Pyokdong North Korea Camp 5 on the Yellow River where many prisoners died of untreated wounds disease hunger paralyzing cold and brutal mistreatment in the bitter winter of 1950 51 He recounts Chinese attempts to mentally break down prisoners in order to exploit them for propaganda He then takes the reader through typical days in a prisoner s life discussing food clothing shelter and work the struggle against unremitting boredom religious social and recreational diversions and even those moments of terror when all seemed lost It refutes Cold War era propaganda that often unfairly characterized POWs as brainwashed victims or even traitors who lacked the grit that Americans expected of their brave sons **The Wind Blew** Pat Hutchins,2012-02-21 A rhymed tale describing the antics of a capricious wind The wind blew and blew and blew It blew so hard it took everything with it Mr White s umbrella Priscilla s balloon the twins scarves even the wig on the judge s head But just when the wind was about to carry everything out to sea it changed its mind With rhyming verse and colorful illustrations Pat Hutchins takes us on a merry chase that is well worth the effort **The Economy of Late Achaemenid and Seleucid Babylonia** Reinhard Pirngruber,2017-03-06 In this book Reinhard Pirngruber provides a full reassessment of the economic structures and market performance in Late Achaemenid and Seleucid Babylonia His approach is informed by the theoretical insights of New Institutional Economics and draws heavily on archival cuneiform documents as well as

providing the first exhaustive contextualisation of the price data contained in the Babylonian Astronomical Diaries Historical information gleaned from the accounts of both Babylonian scholars and Greek authors shows the impact of imperial politics on prices in form of exogenous shocks affecting supply and demand Attention is also paid to the amount of money in circulation Moreover the use of regression analysis in modelling historical events breaks new ground in Ancient Near Eastern Studies and gives new impetus to the use of modern economic theory The book explains the theoretical and statistical methods used so that it is accessible to the full range of historians

The Way the Wind Blew Ron Jacobs,1997-11-17 Bombing its way into the headlines of the early 1970s the Weather Underground was one of the most dramatic symbols of the anger felt by young Americans opposed to the US presence in Vietnam Mauled in street battles with the Chicago police during the Days of Rage demonstrations Weather concluded that traditional political protest was insufficient to end the war They turned instead to underground guerrilla combat In this highly readable history Ron Jacobs captures the hair raising drama of a campaign which planted bombs in banks military installations and twice on successive days in the US Capitol He describes the group s formation of clandestine revolutionary cells its leaders disavowal of monogamous relationships and their use of LSD to strengthen bonds between members He recounts the operational failures of the group three members died when a bomb they were building exploded in Greenwich Village as well as its victories including a successful jailbreak of Timothy Leary Never short changing the fierce debates which underpinned the Weather s strategy Jacobs argues that the groups eventual demise resulted as much from the contradictions of its politics as from the increasingly repressive FBI attention
