Yours D3:

The Farther Adventures of Robinson Crusoe Daniel Defoe, 2021-11-24 Defoe's *The Farther Adventures of Robinson Crusoe* was almost always published together with *The Life and Strange Surprising Adventures of Robinson Crusoe*. Only after 1950 was the first volume printed alone as a shorter work for some classes. But in addition to fulfilling the promise of the first volume, *The Farther Adventures* is an exciting adventure novel by itself. Crusoe returns to his island to learn about his colony and then travels to Madagascar, India, and China before returning to England after some exciting encounters. Complete with an introduction, line notes, and full bibliographical notes, this is an edition like no other. Published by Bucknell University Press, distributed worldwide by Rutgers University Press.

"Your PureLifestyle Plan" Dr. Isabel Hunsinger, 2013-02-28 I have been a doctor since 1991 and the only reason I went into the medical field is because I wanted to help people. Looking at what is going on in medicine today, I have come to the realization that we do not have a Healthcare System; we have Disease Management. Not only did I become disillusioned and burnt out, I just got frustrated treating conditions, not the cause of the problem. My goal is to see people healed. I wanted to get to the root of the disease, not just throw a band-aid on it. My patients weren't getting any better; they were just existing. I had to change the way I was doing medicine. Over the last decade, I began to learn about nutrition, exercise, and lifestyle choices to help you live a more healthy life. My goal is to add value to your life by depositing simple back-pocket principles that you can use everyday. If you want to lose weight permanently, have more energy, and infect the lives of your family and friends with health, then I welcome you to *Your PureLifestyle Plan*.

Your Body is a Self-Healing Machine Gigi Siton, 2021-03-28 We must take applied epigenetics concepts from the ivory tower of the academics down to daily healthy practice. This third book in the trilogy of *Your Body Is A Self Healing Machine* explains the basics of applied epigenetics and its practical use. It is in this book, *Your Body is a Self Healing Machine: Understanding How Epigenetics Heals You*, where you will learn how you can reprogram epigenetics information to influence your gene expression. Your decisions, either big or small, on each factor will positively or negatively update or downgrade your epigenome. What you feel, think, eat, breathe, drink, sleep, sun exposure, detox, fast, and pray are all epigenetic information that tweaks your gene expression on or off. Dr. Siton's intention is to make applied epigenetics become a medical movement. This movement must spread like wildfire throughout the world. Applied epigenetics is a new medical paradigm that will reach far and wide beyond cultural and geographical boundaries. It will become a compelling tool in the practice of medicine. It will be mainstreamed medical intervention as anti-biotics and vitamins. The author sincerely hopes that she has given enough information to inspire you to become passionate and practice applied epigenetics. Experience how simple it can be to apply your body's self-healing tools in your daily life after reading the trilogy of *Your Body Is A Self Healing Machine*.

Boosting Your Immunity For Dummies Wendy Warner, Kellyann Petrucci, 2020-09-23 Boost your body's defenses to fight off disease and live stronger and longer. Every single day, our bodies are under attack from nasty little organisms which range from the pesky
