**Edith Wharton and Genre** Laura Rattray, 2020-08-11 Based on extensive new archival research *Edith Wharton and Genre Beyond Fiction* offers the first study of Wharton's full engagement with original writing in genres outside those with which she has been most closely identified So much more than an acclaimed novelist and short story writer Wharton is reconsidered in this book as a controversial playwright a gifted poet a trailblazing travel writer an innovative and subversive critic a hugely influential design writer and an author who overturned the conventions of autobiographical form Her versatility across genres did not represent brief sidesteps temporary diversions from what has long been read as her primary role as novelist Each was pursued fully and whole heartedly speaking to Wharton's very sense of herself as an artist and her connected vision of artistry and art The stories of these other Edith Whartons born through her extraordinary dexterity across a wide range of genres and their impact on our understanding of her career are the focus of this new study revealing a bolder more diverse subversive and radical writer than has long been supposed *Wharton, Hemingway, and the Advent of Modernism* Lisa Tyler, 2019-04-17 *Wharton Hemingway and the Advent of Modernism* is the first book to examine the connections linking two major American writers of the twentieth century Edith Wharton and Ernest Hemingway In twelve critical essays accompanied by a foreword from Wharton scholar Laura Rattray and a critical introduction by volume editor Lisa Tyler contributors reveal the writers overlapping contexts interests and aesthetic techniques Thematic sections highlight modernist trends found in each author's works To begin Peter Hays and Ellen Andrews Knodt argue for reading Wharton as a modernist writer noting how her works feature characteristics that critics customarily credit to a younger generation of writers including Hemingway Since Wharton and Hemingway each volunteered for humanitarian medical service in World War I then drew upon their experiences in subsequent literary works Jennifer Haytock and Milena Radeva Costello analyze their powerful perspectives on the cataclysmic conflict traditionally viewed as marking the advent of modernism in literature In turn Cecilia Macheski and Sirpa Salenius consider the authors passionate representations of Italy informed by personal sojourns there in which they observed its beautiful landscapes and culture its liberating contrast with the United States and its period of fascist politics Linda Wagner Martin Lisa Tyler and Anna Green focus on the complicated gender politics embedded in the works of Wharton and Hemingway as evidenced in their ideas about female agency sexual liberation architecture and modes of transportation In the collection's final section Dustin Faulstick Caroline Chamberlin Hellman and Parley Ann Boswell address suggestive intertextualities between the two authors with respect to the biblical book of Ecclesiastes their serialized publications in Scribner's Magazine and their affinities with the literary and cinematic tradition of noir Together the essays in this engaging collection prove that comparative studies of Wharton and Hemingway open new avenues for understanding the pivotal aesthetic and cultural movements central to the development of American literary modernism
