Yugoslavia And The Nonaligned World:

Yugoslavia and the Nonaligned World Alvin Z. Rubinstein, 2015-03-08 Yugoslavia's importance to the evolution of nonalignment is emphasized as Alvin Z. Rubinstein examines the domestic and foreign determinants shaping Yugoslavia's turn to the new nations of Asia and Africa and its role in pioneering nonalignment. He discusses the policies of Yugoslav leaders in their search for security and international influence and traces the many ways in which Yugoslavia established close ties to the nonaligned nations to become the only European country prominent among the nonaligned. He analyzes the relationship between Tito and Nasser, Belgrade's role in the Moscow-Peking rift, the interaction between Yugoslavia and the nonaligned countries in the United Nations, and nonalignment's changing role in the international relations of the postwar era. Originally published in 1970, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. Yugoslavia and the Nonaligned World Alvin Z.

Rubinstein, 1970. *Socialist Yugoslavia and the Non-Aligned Movement* Paul Stubbs, 2023-01-15 After a summit in Belgrade in September 1961, socialist Yugoslavia led by President Josip Broz Tito until his death in 1980 initiated a movement with states in the Global South. The Non-Aligned Movement not only offered an alternative to the Cold War polarization between NATO and the Warsaw Pact but also expressed the hopes of a world emerging from colonial domination. Socialist Yugoslavia and the Non-Aligned Movement investigates the Non-Aligned Movement both as a top-down interstate initiative and as a site for transnational exchange in science, art, and culture, architecture, education, and industry. Reinvigorating older debates by consulting newly available sources, the volume challenges studies that marginalize the role of socialist Yugoslavia in the Non-Aligned Movement. Contributors address topics such as women's involvement, antifascism, and anti-imperialism, cultural and educational exchange, tensions in Yugoslav diplomacy, competing understandings of economic development, the role of the Yugoslav construction company Energoprojekt, Yugoslav relations with Latin America and Africa, and contemporary support for refugees and asylum seekers as a kind of practical and affective afterlife of Yugoslavia's non-aligned commitments. Socialist Yugoslavia and the Non-Aligned Movement offers an innovative approach to one of the twentieth century's most important international movements and confronts issues of economic, social, and cultural rights that remain relevant today.

Yugoslavia, Nonalignment and Cold War Globalism Zvonimir Stopić, Robert Niebuhr, David Pickus, 2024-10-28 This book explores the emergence of Yugoslav globalism and how it was influenced by the early Cold War, the changes once Yugoslavia established itself as a nonaligned leader, and what the decline of Yugoslav globalism reveals about the waning Cold War and the history of internationalist diplomacy. Although Yugoslavia was correctly defined as a regional power, it is not

true that Tito's influence was confined to the Balkans alone. Even before the 1948 split with Stalin, political elites and intellectuals imagined socialist Yugoslavia as a model for international comity and development. Subsequently, due to dramatic changes in the climate of international diplomacy, Yugoslav globalist outreach found an audience and altered the course of early and fateful superpower stand-offs. In turn, such globalism was a significant part of Tito's stewardship of nonalignment. This is a story that has never been fully told. **Yugoslavia, Nonalignment and Cold War Globalism** fills this gap in discussions of the emergence of globalist discourse in the post-1989 era. This volume is aimed at scholars and students of the Cold War and Tito's era in Yugoslavia, as well as general readers of history interested in leadership and the role of regional powers in world politics.

The Non-Aligned Movement: Genesis, Organization and Politics (1927-1992) Jürgen Dinkel, 2018-11-26. The Non-Aligned Movement had an important impact on the history of decolonization, South-South cooperation, the Global Cold War, and the North-South conflict. During the 20th century, nearly all Asian, African, and Latin American countries joined the movement to make their voice heard in global politics. In *The Non-Aligned Movement*, Jürgen Dinkel examines for the first time the history of the NAM since the interwar period as a special reaction of the Global South to changing global orders. The study shows breaks and caesurae as well as continuities in the history of globalization and analyses the history of international relations from a non-western perspective. For this book, empirical research was undertaken in Germany, Great Britain, Indonesia, Russia, Serbia, and the United States.

The Legacy of J. William Fulbright Alessandro Brogi, Giles Scott-Smith, David J. Snyder, 2019-08-13. This insightful collection of essays details the political life of one of the most prominent and gifted American statesmen of the twentieth century. From his early training in international law to his five terms in the US Senate, J. William Fulbright (1905-1995) had a profound influence on US foreign policy, and his vision for mutual understanding shaped the extraordinary exchange program bearing his name. As a senator for Arkansas for thirty years and the longest-serving chair of the Senate Foreign Relations Committee, Fulbright was one of the most influential figures of United States politics. His criticism of US involvement in Vietnam exemplified his belief in the effective management of international norms by international organizations, including the United Nations, which was the subject of his first bill in Congress. Yet, alongside his commitments to liberal internationalism and multilateral governance, Fulbright was a southern politician who embraced the interests of the region's conservative white population. This juxtaposition of biased and broad-minded objectives shows a divide at the center of Fulbright's vision, which still has consequences for America's global policies today. This multidimensional volume covers Fulbright's development as a national and global voice on foreign relations as he wrestled with the political controversies of the US South during the civil rights movement, worked with and challenged executive power, and shaped the Fulbright program for educational exchange.

Nonaligned Modernism Bojana Videkanic, 2020-02-20. In less than half a century, the Socialist Federal Republic of Yugoslavia successfully defeated Fascist occupation, fended off dominating pressures from the Eastern and Western blocs,

built a modern society on the ashes of war created its own form of socialism and led the formation of the Nonaligned Movement This country s principles and its continued battles fought against all odds provided the basis for dynamic and exceptional forms of art Drawing on archival materials postcolonial theory and Eastern European socialist studies Nonaligned Modernism chronicles the emergence of late modernist artistic practices in Yugoslavia from the end of the Second World War to the mid 1980s Situating Yugoslav modernism within postcolonial artistic movements of the twentieth century Bojana Videkanic explores how cultural workers collaborated with others from the Global South to create alternative artistic and cultural networks that countered Western hegemony Videkanic focuses primarily on art exhibitions along with examples of international cultural exchange to demonstrate that nonaligned art wove together politics and aesthetics and indigenous Western and global influences An interdisciplinary book Nonaligned Modernism highlights Yugoslavia s key role in the creation of a global modernist ethos and international postcolonial culture Yugoslavia and Stalin's Successors, 1968-69 Dennison I. Rusinow,1971 **White Enclosures** Piro Rexhepi,2022-11-16 For all its history of intersecting empires the Balkans has been rarely framed as a global site of race and coloniality This as Piro Rexhepi argues in *White Enclosures* is not surprising given the perception of the Balkans as colorblind and raceless a project that spans post Ottoman racial formations transverses Socialist modernity and is negotiated anew in the process of postsocialist Euro Atlantic integration Connecting severed colonial histories from the vantage point of body politic Rexhepi turns to the borderland zones of the Balkans to trace past and present geopolitical attempts of walling whiteness From efforts to straighten the sexualities of post Ottoman Muslim subjects to Yugoslav nonaligned solidarities between Muslims of the second and third world to Roma displacement and contemporary emergence of refugee carceral technologies along the Balkan Route Rexhepi points not only to the epistemic erasures that maintain the fantasy of whiteness but also to the disruption emanating from the solidarities between queer and transpeople that fold the Balkans back into global efforts to resist the politics of racial capitalism **The Nonaligned Movement** Malabika Banerjee,1982 *Yugoslavia* Dennison I. Rusinow,1988-09-21 *Migration, New Nationalisms and Populism* Rada Ivekovic,2022-01-20 This book examines the antagonistic relationship between new European nationalisms as these often go hand in hand with populism and the phenomenon of migration Migration has become a significant issue both in Europe and the whole world Although it has always existed much of public opinion sees it now as a problem The latter has been exaggerated through a crisis in hospitality exacerbated by the relatively recently constructed and misplaced feeling of a civilisational threat from islam Migration is then countered by the escalation of new nationalisms at least some of which are supported by populism This book offers an understanding of this conjunction of migration and nationalism in the post cold war European context More specifically the book takes up how the end of the simplified cold war cognitive binary means an unprecedented epistemological confusion and depoliticisation which takes migration as its target but could resort to other targets too Discussing the postcolonial background to the new migrations the

book also considers womens rights postsocialism and the relevance of the current pandemic as the issue of migration is addressed in the context of the European crisis ridden present This wide ranging interrogation of how contemporary European migration is conceived and understood will appeal to students academics activists policy makers and others with interests in contemporary migration new nationalisms populism feminism colonial postcolonial and decolonial issues as well as socialism and postsocialism
