Alliance of Enemies Agostino von Hassell, Sigrid MacRae, Simone Ameskamp, 2008-04-15 Alliance of Enemies tells the thrilling history of the secret World War II relationship between Nazi Germany's espionage service the Abwehr and the American OSS predecessor of the CIA. By mining secret WWII files only recently declassified, personal interviews, diaries, and previously unpublished accounts, the authors von Hassell and MacRae shed new light on Franklin Roosevelt's surprising stance toward Hitler before the United States entered the war and on the relationship of American business to the Third Reich. They offer vivid details on the German resistance's desperate efforts first to avert war and then to make common cause with enemy representatives to end it. And their work details the scope and depth of German resistance and its many plots to eliminate Hitler and why they failed. Alliance of Enemies fills a huge void in our knowledge of the hidden, layered warfare and the attempts for peace of World War II. Nowhere has such a complete and provocative history of the wars behind WWII been told until now.

The Key to Self-Discovery Russell C. Kick, 2004 This book is dedicated to my wife Jane, my angel guide. There is far more to you and life than you ever dared to dream. The Key to Self-Discovery shows in a very practical way how to realize your full potential and create a meaningful, happy, and full life. The Key is a system known as The Holistic Way. The WAY is designed to engender inner peace and harmony and to help you to release the enormous potential within for greater love, intelligence, creativity, and consciousness. The WAY helps you to discover who you are, the purpose of your life, and empowers you to create your own future. The Key to Self-Discovery is unique in its approach to seeking and finding the truth of self and life and the realization of all that you can be. The system presented in the book, The Way, is a synthesis of ancient wisdom and modern scientific research. The WAY consists of twelve guides that together provide a philosophy of life intended to give you the power to create, make a difference, find well-being, and self-worth. Experience all that life has to offer and guide you on the pathway to enlightenment. Music, visualization, and effective original tools are presented to empower you to seek within and become your whole self.

Post 9/11 and the State of Permanent Legal Emergency Aniceto Masferrer, 2012-05-09 The terrorist attacks occurred in the United States on 11 September 2001 have profoundly altered and reshaped the priorities of criminal justice systems around the world. Atrocities like the 9/11 attacks, the Madrid train bombings of March 2003, and the terrorist act in the United Kingdom of July 2005 threatened the life of democratic nations. The volume explores the response of democratic nation-states to the problems of terrorism and counterterrorism within the framework of the Rule of Law. One of the primary subjects of study is the ways in which the interests of the state, security from external threats, the maintenance of civil peace, and the promotion of the commonwealth are balanced or not with the liberty and freedom of the citizens of the state. The distinctive aspect of this focus is that it brings a historical, political, philosophical, and comparative approach to the contemporary shape and purposes
