*Murder, Gender and the Media* Jane Monckton-Smith, 2012-05-09 A shocking look at how the idea of romantic love can justify and excuse the killing of women by their partners and lead to sympathy and reduced sentences for the killers The author explores how stories of domestic homicide are told in the news by the police and in the courts drawing from 72 cases which took place over a twelve month period

Honest to God, Honest to Man Vladimir Svistelnik, 2012-01-01 Modern prophets and even scientists believe that devastating earthquakes and tsunamis that have killed many people on Haiti in Chili and in Japan lately were the heralds of more scaled natural cataclysms that according to Mayan calendar may destroy the life on Earth in December 2012 Many people try to find salvation in religion However sensational discoveries made by the author reveal the fact that trying to hide the truth about Jesus Church founders made so many theological mistakes that made salvation impossible Honest to God Honest to Man is the author s desperate attempt to tell the truth about why did it happen and why religious teachings became the source of religious intolerance and terrorism
