Toxic Femininity in the Workplace Ginny Hogan, 2019-09-10 If there's one thing we can agree on in a post-Trump America, it's that sexism exists. While there are myriad books on female friendship in the marketplace, *Toxic Femininity* is the first book on the special relationship between female coworkers and gender dynamics in the workplace to hit the market in a comedic, gifty way. Talented humorist Ginny Hogan explores themes of sexism, workplace gender dynamics, and the challenges facing women at work, particularly in STEM fields, with disarming wit. *Toxic Femininity* includes fun short pieces such as "I'm Not A Sexist, I Also Ask My Male Colleagues If They're Menstruating" and "How Silicon Valley Created The Perfect Meritocracy If You Specifically Happen To Be A Young, Straight, Well-Educated White Man," true/false and multiple-choice quizzes including "Are You Too Aggressive?" or "Are You Politely Stating Your Opinion?" and "Are You a True Feminist? A Male Feminist? A Feminist Just to Get Laid?" or "A Loaf of Bread" and even some surrealist essays such as "A Woman From The Year 3018 Visits a Tech Startup" and "The Noise-Canceling Headphones Lament." *Toxic Femininity* is a book that can be enjoyed in little sips or in one long drink. The variety of the pieces and the illustrations make a lovely and gifty package. This product is perfect for a mentor encouraging her mentees, a big sister preparing her little sister for the workplace, or shoring up your best friend after a rough day. A conversation piece as much as a gift, the humorous nature of the work makes it possible to face topics that can be difficult to tackle head-on, and we hope that this book will be able to serve not just as a gift but as a jumping-off point for those hard-to-have conversations that are a part of every workplace environment.

Bring Your Human to Work: 10 Surefire Ways to Design a Workplace That Is Good for People, Great for Business, and Just Might Change the World Erica Keswin, 2018-09-28 WALL STREET JOURNAL BESTSELLER The secret to business success: Get REAL and be HUMAN. As human beings, we are built to connect and form relationships. So it should be no surprise that relationships must also translate into the workplace where we spend most of our time. Companies that recognize this will retain the most productive, creative, and loyal employees and invariably seize the competitive edge. The most successful leaders are those who actively form quality relationships with their employees who honor fundamental human qualities: authenticity, openness, and basic

politeness and apply them day in and day out. Paying attention and genuinely caring about the effects people have on one another is key to developing a winning culture where people perform at the top of their game and want to work. As a workplace strategist and business coach, Erica Keswin has spent over 20 years working with top business leaders and executives to build successful organizations that honor relationships. Featuring case studies from top brands such as Lyft, Starbucks, Mogul, and SoulCycle to name a few, *Bring Your Human to Work* distills the key practices of the most human companies into applicable advice that any business leader can use to build a human workplace. These building blocks include: Understanding your company's role in the world beyond financial profit; Encouraging employees to be healthy in body and spirit; Running your meetings with clear purpose; Making space for face-to-face interaction; Building professional development into company culture; Inspiring your workforce to give back to the community; Simply saying thank you. A human company is real, genuine, aligned, and true to itself. A real company flaunts its humanity instead of hiding it. It's what the most successful sustainable companies are doing today, and there's no reason yours can't be the same. Keswin's leadership lessons foster fairness, devotion, and joy in the workplace, all critical elements of a successful business. By bringing your human to work, you can design a workplace that is good for people, great for business, and just might change the world. *Florida Law Review*, 2018-03
