Are your grocery bills getting too high? Would you like to learn how to save money on groceries? Intermittent Fasting (IF) is not just a new craze or fad that has entered the scene in recent years, although it has recently seen a major resurgence in popularity. In reality, it has been around for centuries. Recently, Intermittent Fasting started to become popular because people are quite literally sick and tired. They want to improve their health, but they are not finding the long-term success with conventional diets. We are here to assist. Stop yo-yo dieting and actually keep your lost weight off. In this fasting diet book, you'll briefly learn about the origins of Intermittent Fasting, how to start intermittent fasting, why and how intermittent fasting works, how to improve your energy levels, tips to reduce your weight, and strategies to reverse Type 2 Diabetes. Additionally, you'll recognize when to exercise while fasting, who fasting is not right for, some of the common myths and misconceptions of Intermittent Fasting, and the different types of plans for fasting. The best part, though, is that you'll learn how to get healthy, lose weight, and keep it off. Ready to be fit and fabulous? Intermittent Fasting is not about starvation; specifically, it involves the application of a beneficial tool or approach that has been in the background for so many years. It is an approach that many are trying and witnessing tremendous results with weight loss and improved health. You, too, can be on this fast track to forever health and benefit from the essential tools to get started and continue your fast for as long as you've decided. There are even apps to help you, which will be discussed briefly in the book. Not only will you obtain the necessary tips and tools, but you'll also determine what types of liquids to select while fasting, what types of foods to eat between fasts, and other aha
