**Innocence** Michael Walter,2020-06-26 In this revised edition the author delves deeper into the personal experiences described in his original publication From the first page to the last the reader is entrusted with details few are willing to share An honest and open recounting of child abuse from a man who suffered through and survived years of horrific episodes With glowing reviews from other survivors who read his original work the author was inspired to entrust the reader with what many would consider too intimate to share experiences in an even greater attempt to bring child abuse into mainstream discussion *Modern Polygamy in the United States* Cardell Jacobson,Lara Burton,2011-03-09 Few people realize that

polygamy continues to exist in the United States Thus world wide attention focused on the State of Texas in 2008 as agents surrounded the compound of The Fundamentalist Church of Jesus Christ of Latter day Saints FLDS and took custody of more than 400 children Several members of this schismatic religious group whose women adorned themselves in prairie dresses admitted to practicing polygamy The state justified the raid on charges that underage marriage was being forced on young women A year later however all but one of the children had been returned to their parents and only ten men were charged with crimes some barely related to the original charges This book reveals the history culture and sometimes an insider s look at the polygamous groups located primarily in the western parts of the United States The contributors to this volume are historians anthropologists and sociologists familiar with the various groups A legal scholar also addresses the legality of the Texas raid and a geneticist examines the paternity issues Together these authors provide a much needed understanding of the surprisingly large number of groups and individuals who live a quiet polygamous life style in the United States Stolen
