Stolen Spirit:

Planetwalker John Francis, Ph.D.,2008-04-08 When the struggle to save oil soaked birds and restore blackened beaches left him feeling frustrated and helpless John Francis decided to take a more fundamental and personal stand he stopped using all forms of motorized transportation Soon after embarking on this quest that would span two decades and two continents the young man took a vow of silence that endured for 17 years It began as a silent environmental protest but as a young African American man walking across the country in the early 1970s his idea of the environment expanded beyond concern about pollution and loss of habitat to include how we humans treat each other and how we can better communicate and work together to benefit the earth Through his silence and walking he learned to listen and along the way earned college and graduate degrees in science and environmental studies The United Nations appointed him goodwill ambassador to the world s grassroots communities and the U S government recruited him to help address the Exxon Valdez disaster Was he crazy How did he live and earn all those degrees without talking An amazing human interest story with a vital message Planetwalker is also a deeply personal and engaging coming of age odyssey the positive experiences the challenging times the characters encountered and the learning gained along the way *Chambers's Journal* ,1922 **The Wine and Spirit Bulletin** ,1915 Indians of North America Harold E. Driver,2011-11-30 The art of reconstructing civilizations from the artifacts of daily life demands integrity and imagination Indians of North America displays both in its description of the enormous variation of culture patterns among Indians from the Arctic to Panama at the high points of their histories a variation which was greater than that among the nations of Europe For this second edition Harold Driver made extensive revisions in chapter content and organization incorporating many new discoveries and interpretations in archeology and related fields He also revised several of the maps and added more than 100 bibliographical items Since the publication of the first edition there has been an increased interest in the activities of Indians in the twentieth century accordingly the author placed much more emphasis on this period **The Thirteenth Apostle: Revised Edition** April D. Snipes,2024-07-16 This concise and accessible textbook introduces students to the anthropological study of religion It examines religious expression from a cross cultural perspective and exposes students to the complexities of religion in small scale and complex societies The chapters incorporate key theoretical concepts and a wide range of ethnographic material The fifth edition of The Anthropology of Religion Magic and Witchcraft offers a revised introduction covering the foundations of the anthropology of religion anthropological methods and a push toward decolonizing the anthropology of religion expanded coverage of symbols healing wizardry and the intersections of religion with other social institutions new case study

material with examples drawn from around the globe especially from Indigenous communities marginalia in each chapter introducing provocative small case examples related to the chapter many of these can be used as prompts for further research small in class case studies or examples for hands on learning a new chapter on religion and healing especially useful for Anthropology programs without representation of four fields as it provides a wider and more interdisciplinary application of the discipline a consistent review of foundations from chapter to chapter linking material and enabling students to connect what they are learning throughout the course and further resources via a comprehensive companion website including interactive activities critical case studies updated study questions bibliographical suggestions including video and color images This is an essential guide for students encountering the anthropology of religion for the first time and also for those with an ongoing interest in this fascinating field Publications Folklore Society (Great Britain),1911
