Tuberculosis Wellman Ribón,2015-07-08 Progress obtained by mycobacteriology in recent years is undeniable with regards to preventing detecting and treating cases of tuberculosis millennial disease that is still present as public health issue worldwide We present here high impact research and interest topics related to the application of new methodologies especially molecular methods for rapid diagnostic such as rapid DST application of high performance liquid chromatography molecular epidemiology and molecular diagnostic testing on post mortem Currently the constant search for vaccines that prevent the disease is promising through research of the immune response generated by the host towards the bacterium and the effectiveness that may be achieved from developed vaccines Another high impact factor is the one generated by considering tuberculosis as a social disease with an infectious component reflected in research about tuberculosis and human rights Finally we present important issues of the pathogen interaction with different hosts The constant knowledge generation that expands the frontiers of understanding is a key factor for finding solutions and successful activities for public health

Who Pays for Canada? E.A. Heaman,David Tough,2020-09-17 Canadians can never not argue about taxes From the Chinese head tax to the Panama Papers from the National Policy to the Canada United States Mexico Agreement tax grievances always inspire private resentments and public debates But if resentment and debate persist the terms of the debate have continually altered and adapted to reflect changing social economic and political conditions in Canada and the wider world The centenary of income tax is the occasion for Canadian scholars to wrestle with past and present debates about tax equity efficiency and justice Who Pays for Canada explores the different ways governments can and should tax their peoples and evaluates how well Canada has done so It brings together a diverse group of perspectives from academia law economics political science history geography philosophy and accountancy and from the wider world of activists and public servants It asks how Canada compares to other countries and how other countries especially the United States influence Canadian tax policies It also surveys internal tax tensions and politics through the lenses of region and jurisdiction as well as race class and gender Reasoning from tax perplexities and reforms in the past and the present it argues that fair taxation requires an informed populace and a democratically inclined public will Above all this book serves as a reminder that it is not only what counts as fair that is important but how fairness is evaluated Revealing how closely tax policy is tied to mainstream politics human rights and morality Who Pays for Canada represents new perspectives on a matter of
