Glickman,2009-06-10 A definitive history of consumer activism Buying Power traces the lineage of this political tradition back to our nation s founding revealing that Americans used purchasing power to support causes and punish enemies long before the word boycott even entered our lexicon Taking the Boston Tea Party as his starting point Lawrence Glickman argues that the rejection of British imports by revolutionary patriots inaugurated a continuous series of consumer boycotts campaigns for safe and ethical consumption and efforts to make goods more broadly accessible He explores abolitionist led efforts to eschew slave made goods African American consumer campaigns against Jim Crow a 1930s refusal of silk from fascist Japan and emerging contemporary movements like slow food Uncovering previously unknown episodes and analyzing famous events from a fresh perspective Glickman illuminates moments when consumer activism intersected with political and civil rights movements He also sheds new light on activists relationship with the consumer movement which gave rise to lobbies like the National Consumers League and Consumers Union as well as ill fated legislation to create a federal Consumer Protection Agency *The History of Rutland County, Vermont* Abby Maria Hemenway,1882 *Community without Consent* Zachary McLeod Hutchins,2016-03-01 The first book length study of the Stamp Act in decades this timely collection draws together essays from a broad range of disciplines to provide a thoroughly original investigation of the influence of 1760s British tax legislation on colonial culture and vice versa While earlier scholarship has largely focused on the political origins and legacy of the Stamp Act this volume illuminates the social and cultural impact of a legislative crisis that would end in revolution Importantly these essays question the traditional nationalist narrative of Stamp Act scholarship offering a variety of counter identities and perspectives *Community without Consent* recovers the stories of individuals often ignored or overlooked in existing scholarship including women Native Americans and enslaved African Americans by drawing on sources unavailable to or unexamined by earlier researchers This urgent and original collection will appeal to the broadest of interdisciplinary audiences
