

# THE LAMPMAKING HANDBOOK

Here, for the first time, is a complete step-by-step guide to designing and building a stained glass lamp. Never before has the creation of a Tiffany-style lamp been made so accessible and easy to understand. Using photos and illustrations, the author reveals the little known and often misunderstood theories, processes and techniques of lampmaking. From basic design principles through construction to the highly specialized area of patina, *The Lampmaking Handbook* demystifies the craft by presenting each stage of a lamp's development in sequence, reducing the seemingly complex aspects of lampmaking to simple, basic skills.

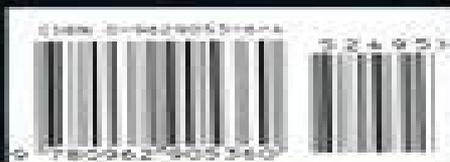

Whether you are an experienced glass artist, a beginner or just a lover of beautiful stained glass lamps, *The Lampmaking Handbook* will prove an important addition to your glass library.

#### About the author...

A lampmaker since 1972, Joe Parcell has been involved with every aspect of the craft from production lampmaking to the highly specialized areas of reproduction Tiffany and contemporary applications of traditional techniques. His "Broken Glass" series of original lamps are an exploration into a new era for this uniquely American art form.

As the lampmaking editor for *Professional Stained Glass* magazine, Mr. Parcell has written extensively on the history and craft of the stained glass lamp. He has been widely published in glass and art related periodicals and has shared his knowledge of the art and craft of the stained glass lamp through more than a decade of workshops and seminars.
