The Civil Prisoners:

The Civil Prisoners Meriol Trevor,2013-09-05 Following the breakdown of the Peace of Amiens in 1802 Napoleon retaliated against England's renewal of hostilities by holding as prisoners all British civilians in France at the time So it is in a foreign city and amidst the uneasy atmosphere of a country at war that a group of English families are unexpectedly brought together again and forced to make the best of their precarious situation At the centre of the unfolding drama is the growing love between Cary Vyner and Emily Lady Royden a love with its innocence and temptations as well as its doubts and reassurances As their relationship develops so too do the schemes and aspirations of Cary's Warstowe relatives who are intent on securing the Vyner inheritance for their own son Set against the backdrop of war-torn Europe this is an elegant Regency romance in the tradition of Georgette Heyer The Civil Prisoners Meriol Trevor,1980-10 *The Civil Prisoners* Meriol Trevor,1977 *Prisoners and their Families* Pauline Morris,2023-10-25 Originally published in 1965 and reissued here with a new foreword this study as far as was known was the first attempt in this country to look at the problems of the families of prisoners on a national scale It took over three years and is based upon a survey of a representative national sample of prisoners and their dependants together with an intensive longitudinal study of a smaller sample The survey attempts to portray objectively the conditions of life for the families of a wide range of men in prison at the time and covers stars recidivists and civil prisoners Too often in prison work the family is thought of as some external appendage remote and irrelevant to the process of treatment and training rather than as a continuous influence upon the man in custody and the report aimed to correct this impression The primary object of this research was to elicit facts upon which penologists and administrators might base future policies There are three principal issues upon which specific recommendations are made 1 the financial provision for prisoners families 2 the improvement of social casework in prisons and 3 the improvement of facilities for contact between the prisoner and his family In a field in which there was much distress and concern this study at last offered a real insight into the facts and definite suggestions for progress *Handbook of American Prisons and Reformatories* ,1929 Annual Report of the State Commission of Prisons New York (State).
