COLD WAR

The Cold War A Documentary

John Jenks

The Cold War A Documentary:

CNN's *Cold War Documentary* Arnold Beichman,2000 A collection of essays in which various scholars debate the pros and cons of the twenty four part television series on the Cold War produced by CNN *The American Diplomatic Revolution* Joseph M. Siracusa,1977 **The Cold War** John Zawacki,1998 Covers the long ideological conflict between the communist world and the Western democracies from the end of World War II to the collapse of communism in Europe in 1990 **The Cold War Presidency** Thomas Langston,2007 Organized chronologically by president The Cold War Presidency presents original analytical essays on the presidents and their roles during the Cold War from Harry Truman through George H W Bush and over 150 important primary source documents with explanatory headnotes The pairing together of these useful materials allows researchers to learn comprehensively or selectively about the interdependence of the presidency and the Cold War *The Big Picture* John W. Lemza,2021-09-29 Capitalizing on thousands of feet of accumulated footage captured by combat camera crews during the early years of the Korean War a small group of US Army officers conceptualized a film series that would widen viewers understanding of the service and its mission Their efforts produced the documentary television series that in late 1951 would become *The Big Picture* Although it would take years to fully utilize the emerging technologies and develop the concept into a popularly recognized television series *The Big Picture* did evolve into a vehicle whose intention was to help the army tell its story sell its relevance in the emerging Cold War and inform and educate its audience about American ideals Its messages captured the early post 1945 zeitgeist and reflected a national mood that was anticommunist steeped in foundational principles of American exceptionalism and trusting of elite leadership John W Lemza s *The Big Picture* argues that the show like others produced for television during that time by the armed forces served as a vehicle for directed propaganda scripted to send important Cold War messages to both those in uniform and the American public In this first systematic study of its production and reception history as well as its themes and cultural impact Lemza shows how the producers incorporated specific Cold War themes such as anticommunism into episodes and deployed television s small screen as the intersection of propaganda and policy during the Cold War period John Lemza s study reveals that the longer *The Big Picture* maintained those themes the more they began to lose their resonance especially when the cultural and social environment of the United States began changing in the mid 1960s The series producers chose to continue on a course that was set during the early Cold War years and the credibility of the show began to suffer Throughout the course of its two decade production run however *The Big Picture* cast a big shadow as the premier military program influencing viewing audiences through primetime television and syndication **The Cold War and Entertainment Television** Lori Maguire,2016-08-17 An essential dimension of the Cold War took place in the realm of ideas and culture While much work exists on cinema relatively little research has been conducted on this subject in relation to television despite the latter being a technology and popular cultural form that emerged during this period This book rectifies that

absence by examining the impact of the Cold War on entertainment television and underlines the comparative aspect by studying programs from both blocs without forgetting of course the outsize impact of American television Although most of the focus is on the two main protagonists the US and the USSR chapters also consider programming from the UK Czechoslovakia Romania and both East and West Germany This book represents a contribution to the debate about the cultural Cold War through a rigorously comparative analysis of the two blocs For this reason the approach used is thematic The study begins by considering the subject of censorship and then goes on to look at the very particular case of the two Germanys A series of comparative genre studies follow including police and war variety shows and documentaries and docudramas Perhaps surprisingly the similarities are often greater than the differences between television in the two blocs

How We Forgot the Cold War Jon Wiener, 2012-10-15 Here is a book that would've split the sides of Thucydides Wiener's magical mystery tour of Cold War museums is simultaneously hilarious and the best thing ever written on public history and its contestation Mike Davis author of *City of Quartz* Jon Wiener an astute observer of how history is perceived by the general public shows us how official efforts to shape popular memory of the Cold War have failed His journey across America to visit exhibits monuments and other historical sites demonstrates how quickly the Cold War has faded from popular consciousness A fascinating and entertaining book Eric Foner author of *Reconstruction America's Unfinished Revolution 1863-1877* In *How We Forgot the Cold War* Jon Wiener shows how conservatives tried and failed to commemorate the Cold War as a noble victory over the global forces of tyranny a good war akin to World War II Displaying splendid skills as a reporter in addition to his discerning eye as a scholar this historian's travelogue convincingly shows how the right sought to extend its preferred policy of rollback to the arena of public memory In a country where historical memory has become an obsession Wiener's ability to document the ambiguities and absences in these commemorations is an unusual accomplishment Rick Perlstein author of *Nixonland: The Rise of a President and the Fracturing of America* In this terrific piece of scholarly journalism Jon Wiener imaginatively combines scholarship on the Cold War contemporary journalism and his own observations of various sites commemorating the era to describe both what they contain and just as importantly what they do not By interrogating the standard conservative brand of American triumphalism Wiener offers an interpretation of the Cold War that emphasizes just how unnecessary the conflict was and how deleterious its aftereffects have really been Ellen Schrecker author of *Many Are the Crimes: McCarthyism in America*

The Cold War Priscilla Roberts, 2018-12-07 This detailed two volume set tells the story of the Cold War the dominant international event of the second half of the 20th century through a diverse selection of primary source documents One of the most extensive to date this set of primary source documents studies the Cold War comprehensively from its beginning with the emergence of the world's first communist government in Russia in late 1917 to its end in 1991 All of the key events including the Berlin Blockade the Korean War the Cuban Missile Crisis the Vietnam War and the nuclear arms race are discussed in detail The primary sources provide insight into the thinking of all participants

drawing on Western Soviet Asian and Latin American perspectives In *The Cold War Interpreting Conflict through Primary Documents* primary documents are organized chronologically allowing readers to appreciate the ramifications of the Cold War within a clear time frame Extensive interpretive commentary provides in depth background and context for each document This work is an indispensable reference for all readers seeking to become deeply knowledgeable about the Cold War

The Last Decade of the Cold War Olav Njolstad,2004-08-02 The last decade of the Cold War witnessed the transformation of world politics with the collapse of one party Communist rule in Eastern Europe and the Soviet Union This book explains how it happened and why

The American Diplomatic Revolution Joseph M. Siracusa,1977 *Redeeming the Wasteland* Michael Curtin,1995 During the early 1960s the golden age of network documentary commercial television engaged in one of the most ambitious public education efforts in U S history as all three networks dramatically expanded their documentary programming Promoted by government leaders funded by broadcasters and hailed by critics these documentaries sought to mobilize public opinion behind a more activist policy of U S leadership around the globe The programs also were part of an explicit effort to make the vast wasteland of prime time television live up to its vaunted potential to educate inform and enlighten After more than a decade as the nation s shop window television in the early 1960s promised to become the viewer s window onto the Free World a world that President John F Kennedy described as being full of promise and peril By tracing the multiple and shifting relations between the government the TV industry and viewers Michael Curtin explains how the most commercially unprofitable genre in television history became the most celebrated and controversial form of programming during the New Frontier era This book is an important contribution to our understanding of how television mediates powerful social forces and will be indispensable to anyone interested in media studies and the history of the Cold War period

The Cold War U.S. Army Ingo Trauschweizer,2008 Focuses on the Seventh Army in West Germany the largest and best prepared field army ever deployed by the U S in peacetime to show how the U S army redefined its identity structure and mission in order to avoid obsolescence during the Cold War era of nuclear weapons and air power

Contested Ground Mike Conway,2019 In 1962 an innovative documentary on a Berlin Wall tunnel escape brought condemnation from both sides of the Iron Curtain during one of the most volatile periods of the Cold War The Tunnel produced by NBC s Reuven Frank clocked in at ninety minutes and prompted a range of strong reactions While the television industry ultimately awarded the program three Emmys the U S Department of State pressured NBC to cancel the program and print journalists criticized the network for what they considered to be a blatant disregard of journalistic ethics It was not just The Tunnel s subject matter that sparked controversy but the medium itself The surprisingly fast ascendance of television news as the country s top choice for information threatened the self defined supremacy of print journalism and the de facto cooperation of government officials and reporters on Cold War issues In *Contested Ground* Mike Conway argues that the production and reception of television news and documentaries during this period reveals a major upheaval in American

news communications

The Great Cold War Gordon S. Barrass,2009 The Great Cold War is arguably the most fascinating account yet written about the Cold War and a timely enunciation of the lessons we need to learn from the Cold War years if we are to be successful in tackling the potential confrontations of the 21st century This is a riveting expose of modern history for the general reader a must read for policy makers and an eye opening overview for scholars and students No other book conveys so vividly how each side interpreted the other s intentions and what shaped their actions In a richly informed and perceptive insider s account former British diplomat Gordon Barrass shows that while there were times when each side did understand the other s intentions there were also times when they were wildly wrong leading to the chilling revelation that the situation was far more serious than most people knew at the time or imagine now In looking back over that half century of confrontation Barrass poses three big questions Why did the Cold War start Why did it last so long And why did it end the way it did To answer them he traveled to Washington Paris Brussels Berlin Warsaw and Moscow to interview nearly 100 people including top policymakers strategists military commanders and key figures in the world of intelligence Their narratives reveal what was going on behind the scenes providing valuable insights into the mixture of insecurity ignorance and ambition that drove the rivalry between the two sides Barrass concludes that bringing the Cold War to a peaceful end was a far greater challenge than just being tough with the Soviets In the end it depended on the Americans getting inside the mind of the Soviets to gain the leverage needed to achieve their goal and intelligence played a key role in that process

The United States and the Cold War 1941-53 Richard Crockatt,1989

The Cold War Robert Cowley,2005 Essays by twenty five distinguished historians shed new light on the military and political aspects of the Cold War discussing such topics as the Cuban Missile Crisis the Vietnam War espionage and the arms race with the Soviets

How to Read a Film James Monaco,1977

The Cold War--reassessments Arthur Lewis Rosenbaum,2000

The Cold War Comes to Main Street Lisle A. Rose,1999 In 1950 Main Street American was abruptly traumatized The sudden prospect of thermonuclear war with the Soviet Union Senator McCarthy s vicious anticommunist crusade and the beginning of the Korean War all combined to dampen the public mood The Cold War invaded every home Rose maintains that 1950 was a pivotal year for the nation He argues that the convergence of Korea McCarthy and the bomb wounded the nation in ways from which we ve never fully recovered Brimming with originality this book makes readers look at the Cold War from a dozen different angles

British Propaganda and News Media in the Cold War John Jenks,2006 John Jenks digs into the archives to give a detailed account of British media discourse news manipulation and propaganda in the early Cold War

The Cold War A Documentary: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
