Edited by Lawrence H. Leder

The Colonial Legacy Some Eighteenth Century Commentators

B Lingard

The Colonial Legacy Some Eighteenth Century Commentators:

The Colonial Legacy Lawrence H. Leder, 1971 Selected representative writings by historians of colonial America the Revolution and post Revolutionary era For contents see Author Catalog

Some Eighteenth-century Commentators Lawrence H. Leder, 1971 *The Colonial Legacy* Lawrence H. Leder, 1971 Cadwallader Colden, 1688-1776 Philip Ranlet, 2019-10-29 In this book Philip Ranlet examines the prolific political career of Cadwallader Colden Colden was the long lasting lieutenant governor of royal New York A determined foe of entrenched interests in New York such as the manor lords the lawyers and the fur smugglers he remained a vigorous supporter of the royal prerogative He handled Indian relations for many years and was the first true historian of the Iroquois Also one of the preeminent scientists of the colonial period and the Enlightenment itself he established botany in America and also tried to revise the work of Sir Isaac Newton Lieutenant Governor Cadwallader Colden continued to battle the enemies of British rule until his death during the American Revolution in 1776 at 88 years old *Indians and Colonists at the Crossroads of Empire* Timothy J. Shannon, 2002 On the eve of the Seven Years War in North America the British crown convened the Albany Congress an Anglo Iroquois treaty conference in response to a crisis that threatened imperial expansion British authorities hoped to address the impending collapse of Indian trade and diplomacy in the northern colonies a problem exacerbated by uncooperative resistant colonial governments In the first book on the subject in more than forty five years Timothy J Shannon definitively rewrites the historical record on the Albany Congress Challenging the received wisdom that has equated the Congress and the plan of colonial union it produced with the origins of American independence Shannon demonstrates conclusively the Congress s importance in the wider context of Britain s eighteenth century Atlantic empire In the process the author poses a formidable challenge to the Iroquois Influence Thesis The Six Nations he writes had nothing to do with the drafting of the Albany Plan which borrowed its model of constitutional union not from the Iroquois but from the colonial delegates British cousins Far from serving as a dress rehearsal for the Constitutional Convention the Albany Congress marked for colonists and Iroquois alike a passage from an independent commercial pattern of intercultural relations to a hierarchical bureaucratic imperialism wielded by a distant authority

Struggle for Empire James G. Lydon, 2018-05-01 Originally published in 1986 The French and Indian War Seven Years War occurred in the mid eighteenth century The concern of this bibliography is with the North American experience in this war with excursions into the West Indies to examine collateral events which involved Anglo Americans from what is now the United States Emphasis is placed on contemporary accounts of this war and upon twentieth century writings and contains a variety of sources The Enlightenment of Cadwallader Colden John M. Dixon, 2016-04-12 Was there a conservative Enlightenment Could a self proclaimed man of learning and progressive science also have been an agent of monarchy and reaction Cadwallader Colden 1688 1776 an educated Scottish emigrant and powerful colonial politician was at the forefront of American intellectual culture in the mid eighteenth century While living in rural New York he recruited

family friends servants and slaves into multiple scientific ventures and built a transatlantic network of contacts and correspondents that included Benjamin Franklin and Carl Linnaeus Over several decades Colden pioneered colonial botany produced new theories of animal and human physiology authored an influential history of the Iroquois and developed bold new principles of physics and an engaging explanation of the cause of gravity The Enlightenment of Cadwallader Colden traces the life and ideas of this fascinating and controversial gentleman scholar John M Dixon s lively and accessible account explores the overlapping ideological social and political worlds of this earliest of New York intellectuals Colden and other learned colonials used intellectual practices to assert their gentility and establish their social and political superiority but their elitist claims to cultural authority remained flimsy and open to widespread local derision Although Colden who governed New York as an unpopular Crown loyalist during the imperial crises of the 1760s and 1770s was brutally lampooned by the New York press his scientific work which was published in Europe raised the international profile of American intellectualism

Colonial New York Michael G. Kammen, 1996 Today New York stands as the capital of American culture business and cosmopolitanism Its size influence and multicultural composition mark it as a corner stone of our country The rich and varied history of early New York would seem to present a fertile topic for investigation to those interested colonial America Yet there has never been a modern history of old New York until this lively and detailed account by Michael Kammen Gracefully written and comprehensive in scope Colonial New York includes all of the political social economic cultural and religious aspects of New York s formative centuries Social and ethnic diversity have always been characteristic of New York and this was never so evident as in its early years This period provides the contemporary reader with a backward glance at what the United States would become in the twentieth century Colonial New York stood as a precursor of American society and culture as a whole a broad model of the American experience we witness today Kammen s history is enlivened by a look at some of the larger than life personalities who had tremendous impact on the many social and political adjustments necessary to the colony s continued growth Here we meet Peter Stuyvesant director of New Netherland and an executive of the West India Company a man facing the innumerable difficulties of governing a large sprawling colony divided by Dutch English and Indian settlements Ultimately history would view him as a failure but his strong Calvinist approach left such an indelible stamp on the burgeoning colony that readers will be tempted to do a little revisionist thinking about his tenure Looking at a later governor Lord Cornbury gives us the very opposite example of a man despised by his contemporaries as the most venal of all the colonial governors he was an occasional public cross dresser wearing the clothes of his distant cousin Queen Anne but who forcefully guided the colony through a transition to Anglican rule The book culminates in chapters that investigate New York s strategic role in the bloody French and Indian War and the key part it played in the economic protests and political conflict that finally led to American independence The intricate and tangled web of alliances loyalties and shifting political ground that underlies much of colonial New York s past has clearly daunted many

historians from taking on the task of writing an understandable account Michael Kammen has accepted this challenge and gives us much more than a mere chronicle Rather he paints a compelling portrait of colonial life as it truly was Although this important book is thorough and informed by primary sources Colonial New York's clear and vivid prose offers a delightful narrative that will entertain both general readers and serious scholars alike It pays special attention to localities and contains numerous illustrations that are attentive to the decorative arts and the material culture of early New York Surprising and enlightening Colonial New York is a delight to read and provides new perspectives on our nation's beginnings

Gotham
Edwin G. Burrows, Mike Wallace, 1998-11-19 To European explorers it was Eden a paradise of waist high grasses towering stands of walnut maple chestnut and oak and forests that teemed with bears wolves raccoons beavers otters and foxes Today it is the site of Broadway and Wall Street the Empire State Building and the Statue of Liberty and the home of millions of people who have come from every corner of the nation and the globe In *Gotham* Edwin G Burrows and Mike Wallace have produced a monumental work of history one that ranges from the Indian tribes that settled in and around the island of Manna hata to the consolidation of the five boroughs into Greater New York in 1898 It is an epic narrative a story as vast and as varied as the city it chronicles and it underscores that the history of New York is the story of our nation Readers will relive the tumultuous early years of New Amsterdam under the Dutch West India Company Peter Stuyvesant's despotic regime Indian wars slave resistance and revolt the Revolutionary War and the defeat of Washington's army on Brooklyn Heights the destructive seven years of British occupation New York as the nation's first capital the duel between Aaron Burr and Alexander Hamilton the Erie Canal and the coming of the railroads the growth of the city as a port and financial center the infamous draft riots of the Civil War the great flood of immigrants the rise of mass entertainment such as vaudeville and Coney Island the building of the Brooklyn Bridge and the birth of the skyscraper Here too is a cast of thousands the rebel Jacob Leisler and the reformer Joanna Bethune Clement Moore who saved Greenwich Village from the city's street grid plan Herman Melville who painted disillusioned portraits of city life and Walt Whitman who happily celebrated that same life We meet the rebel Jacob Leisler and the reformer Joanna Bethune Boss Tweed and his nemesis cartoonist Thomas Nast Emma Goldman and Nellie Bly Jacob Riis and Horace Greeley police commissioner Theodore Roosevelt Colonel Waring and his white angels who revolutionized the sanitation department millionaires John Jacob Astor Cornelius Vanderbilt August Belmont and William Randolph Hearst and hundreds more who left their mark on this great city The events and people who crowd these pages guarantee that this is no mere local history It is in fact a portrait of the heart and soul of America and a book that will mesmerize everyone interested in the peaks and valleys of American life as found in the greatest city on earth *Gotham* is a dazzling read a fast paced brilliant narrative that carries the reader along as it threads hundreds of stories into one great blockbuster of a book

The American Historical Association's Guide to Historical Literature American Historical Association, 1995 Contains nearly 2 000 annotated citations primarily English language works divided into forth eight

sections citations refer chiefly to works published between 1961 and 1992 *American Colonial Writers, 1606-1734* Emory Elliott,1984 Restores the place of early American literature and its writers beyond just the New England sermon long thought to be the only literary form accessible to the colonial population *Journal of American Culture* ,1995

America-1603-1789 Lawrence H. Leder,1978 **The Fur Trade in Colonial New York, 1686-1776** Thomas Elliot Norton,1974 **Indiana Social Studies Quarterly** ,1974 **Combined Retrospective Index to Book Reviews in Scholarly Journals, 1886-1974** Evan Ira Farber,1981 **Library of Congress Catalog** Library of Congress,1974-10 A cumulative list of works represented by Library of Congress printed cards **American Writers Before 1800** James Levernier,Douglas R. Wilmes,1983 **America, History and Life** ,1999 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide
