Myers,1980 **Science Fiction Magazine Story Index, 1926-1995** Terry A. Murray,1999 Since the appearance of the first science fiction magazine in 1926 thousands of short stories have been published in periodicals devoted to the genre These stories cover a wide range of subjects from spacecraft to the human condition and feature little known authors as well as masters like Ellison and Asimov In the past finding which issue of what magazine ran a certain story was nearly impossible This much needed reference tool provides valuable assistance in the daunting task of locating short stories published in science fiction magazines providing exhaustive indexes to magazines authors and titles allowing a variety of options for research on 34 000 stories appearing in nearly 5 000 issues of 133 genre magazines Stories from all major American publications as well as from several minor periodicals are indexed Also included is an appendix of the best known and most prolific contributors giving the titles of all their stories in this work necessary because the huge author index does not show titles A guide to how to use this book clarifies its features for the researcher

Satellite Science Fiction ,1956 **Planet in Peril** John Christopher,1959 When Charles Grayner a dedicated young scientist of the 21st century was ordered to take over the top secret project of one of the great ruling powers he never dreamed that within a few short months he would become the most dangerous man on earth He did not know that he had already become a living time bomb and that his mind alone held the key to the mastery of the world It was terrifying to discover that he was the one man left alive who could forestall civilization s deadly plunge toward total extinction Back cover

Contemporary Authors ,1998 **New York Times Saturday Review of Books and Art** ,1970 **Foundations of Science Fiction** John J. Pierce,1987-03-04 This important contribution to the study of science fiction explores the origins of the basic literary traditions of the genre Thematic rather than chronological organization sets this work apart from previous analyses The entire range of literary invention within science fiction is explored from its earliest beginnings through the past hundred years of serious development Emphasis is on enabling the reader to perceive the evolution of science fiction as an organic whole rather than a mere accumulation of works linked solely by popular publishing trends The Ultimate Guide to Science Fiction David Pringle,1990 **Science Fiction Writers** Richard Bleiler,1999 On science fiction authors The Nebula Awards ,1993 **The Craft of Science Fiction** Reginald Bretnor,1977 The Publishers' Trade List Annual ,1955
