The Theosophical Path Katherine Augusta Westcott Tingley, 1925 **Luchino Visconti and the Alchemy of Adaptation** Brendan Hennessey, 2021-09-01 Since the beginning much of Italian cinema has been sustained by transforming literature into moving images This tradition of literary adaptation continues today challenging artistic form and practice by pressuring the boundaries that traditionally separate film from its sister arts In the twentieth century director Luchino Visconti is a keystone figure in Italy's evolving art of adaptation From the tumultuous years of Fascism and postwar Neorealism through the blockbuster decade of the 1960s into the arthouse masterpieces of the 1970s Visconti's adaptations marked a distinct pathway of the Italian cinematic imagination Luchino Visconti and the Alchemy of Adaptation examines these films together with their literary antecedents Moving past strict book to film comparisons it ponders how literary texts encounter and interact with a history of cultural and cinematic forms genres and traditions Matching the major critical concerns of the postwar period realism political filmmaking cinematic modernism with more recent notions of adaptation and intermediality this book reviews how one of Italy's greatest directors mined literary ore for cinematic inspiration **From the Depths of Despair to the Promise of Presence** Joel Barker, 2014-01-20 For decades the prophetic book of Joel has been the focus of scrutiny that belies its brevity It captures readers with its vivid descriptions of locusts and military invasion and the distress that they cause It then reveals the concern of YHWH for the covenant community as it systematically reverses the crises that it announces The book of Joel also offers a window into the rhetorical function of the day of YHWH as it uses the phrase to announce both judgment and restoration Reflecting the creativity of the Old Testament prophetic spirit the book then guides its readers from utter anguish to the hope of restoration rooted in the presence of YHWH **From the Depths of Despair to the Promise of Presence** delves into Joel's rhetoric and explores the ways in which it seeks to persuade its audience to adopt its perspective in order to respond to a time of crisis Barker evaluates the state of the discussion surrounding Joel's composition and relationship to the Book of the Twelve He develops a model of rhetorical criticism that builds on the foundations of previous approaches and proposes modifications that address the specific challenges posed by the book of Joel He then puts this model into practice and demonstrates that the book of Joel moves from scenes of devastation to promises of restoration in articulating the necessity of calling and relying on YHWH in all circumstances He explores the persuasive potential of Joel by focusing on its rhetorical structures and strategy He examines the way the book

of Joel engages its audience and guides the people to realize that they must turn to YHWH so that YHWH will turn and bring restoration From the Depths of Despair to the Promise of Presence invites the reader to enter into the world of Joel It calls the reader to experience the ways in which the book of Joel intertwines threats of destruction and the hope of renewal in order to reveal the character of YHWH
