R. Reid,...** R. R. Reid, 1921 **The King's Council in the North (Classic Reprint)** Rachel Robertson Reid, 2017-10-11 Excerpt from *The King's Council in the North* It remains only to add an acknowledgement of gratitude to those who have in any way helped me to the Marquis of Salisbury and to the Corporations of York and Hull for giving me access to the documents in their possession to Mr Hall and his colleagues at the Record Office for directing my attention to possible sources of information to Professor Pollard for still more valuable but also more intangible assistance to Mr Staton for the care he bestowed on the map and to my sister for much patient help with the drudgery that goes to the making of a book But the greatest debt of all that which I owe to my Mother for the encouragement without which this book would never have been written can now be paid only to a memory About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *England's Northern Frontier* Jackson W. Jewell, 1994 The North South divide in England is rooted in prehistory and attested throughout recorded time in widely varied sources This book traces its development from earliest times and provides a corrective to the popular notion that the divide only originated with the Industrial Revolution A major theme of the study is the development of

northern consciousness and the presence of Scotland across the northern border is seen as an important factor in shaping northern English identity as well as the attitudes of southern kings and governments to the north

The King's Cardinal Peter J Gwyn, 2011-04-30 Proud greedy corrupt and driven by overwhelming personal ambition Such is the traditional image of Thomas Wolsey Lord Chancellor Archbishop of York Bishop of Winchester Abbot of St Albans Bishop of Tournai and Papal Legate It is an image which Peter Gwyn examines challenges and decisively overturns in this remarkable book From exceedingly humble beginnings Wolsey rose to a pinnacle of power unsurpassed by any other British commoner Peter Gwyn explores every aspect of the Cardinal's career not least his relationship with Henry VIII and sets it firmly in a vividly recreated Tudor world The Wolsey who emerges is a man of prodigious energy and ability a tireless dispenser of justice an enlightened reformer wholly dedicated to his king and country a man who has been consistently misrepresented and maligned for four and a half centuries

The King's Council in the North Rachel Robertson Reid, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1921 edition Excerpt of communication with Scotland Not only were the negotiations with disaffected Scottish nobles conducted through it but on occasion it also corresponded directly with James V and when commissioners were required to meet the Scots for the redress of Border grievances some members of the Council were naturally included 58 Nevertheless the Council's connection with the government of the Marches was severed almost as soon as it was formed The Duke of Norfolk had warned Henry that to keep the wild people of all three Marches in order will require men of good estimation and nobility 59 and as soon as relations with Scotland became strained to breakingpoint he was proved to be right 80 Therefore from the time that Norfolk himself was sent north as Lieutenantgeneral in January 1541 the control of the Marches was taken from the Council⁸¹ and given in time of war to the Lieutenants sent to command the army against Scotland and in time of peace to the Wardens who were henceforth appointed with full powers 88 These of course communicated directly with the Privy Council on all March affairs M and the Council in the North retained only so much of its original administrative authority in the March shires that it was through the Lord President that all orders relating to the civil administration reached the Wardens for transmission to the justices of the peace 64 88 L Suffolk who replaced him Sept
