The Kleber Flight Hans Koning, 2006 A novel about a man's search into his lover's past which leads him to confront the threat of nuclear war

The Ten Thousand Things Maria Dermout, 2014-11-25 Set between Holland and a remote Indonesian island this intimate magical realism novel offers an offbeat narrative that has the timeless tone of a legend Time Dermout's sentences came at me like a soft knowing dagger depicting a far off land that felt to me like the blood of all the places I used to love Cheryl Strayed author of *Wild* The Ten Thousand Things is at once novel of shimmering strangeness and familiarity It is the story of Felicia who returns with her baby son from Holland to the Spice Islands of Indonesia to the house and garden that were her birthplace over which her powerful grandmother still presides There Felicia finds herself wedded to an uncanny and dangerous world full of mystery and violence where objects tell tales the dead come and go and the past is as potent as the present First published in Holland in 1955 Maria Dermout's novel was immediately recognized as a magical work like nothing else Dutch or European literature had seen before The Ten Thousand Things is an entranced vision of a far off place that is as convincingly real and intimate as it is exotic a book that is at once a lament and an ecstatic ode to nature and life

**The Struggle for Madrid** Robert G. Colodny, 2017-07-12 The Struggle for Madrid is a study of the battles that were waged between the armies of the Spanish Republic and the armies of General Francisco Franco for the city of Madrid It was this struggle beginning with the collapse of Republican arms at Toledo in September 1936 and ending with the victory of the Madrid armies at Guadalajara in March 1937 that determined the duration and characteristics of the rest of the conflict It was the central episode of the Spanish War Due to international intervention the Spanish struggle lost its purely national character and became at once a civil war of a profoundly Spanish type a war of independence waged by a section of the Spanish people against German Italian and Moroccan armies and a clash of supra national ideologies that aroused the deepest passions of peoples far removed from the immediate Spanish interests at stake Although the passions aroused by the war distort contemporary accounts of the fighting the totalities of these obstacles present no insurmountable barrier to a preliminary investigation of the Madrid battles Such a study is best undertaken while many of the principal actors in the Madrid tragedy still live If truth has been affronted the witnesses may yet speak and from the debate margin of error will be reduced Robert Colodny's groundbreaking cross of military history and political ambitions helps reduce the gap between fiction and fact

*Win*, 1982 *The Nations of the World: France*, 1898 **First of the Year: 2008** Benj DeMott, 2017-07-05 This is the first in a continuing series of reminders that the past informs the present as it infuses the future As Benj DeMott notes the aim of First of the Year is to define the democratic imperatives and democratic tones that make our ongoing politics of culture matter This annual publication is grounded in the needs of disempowered people disenfranchised disadvantaged disinherited discomfited and dismissed But the concept has been sharpened to acknowledge that though the underdog is owed sympathy the mad dog is owed a bullet In short First of the Year is very much an effort of the twenty first

century The publication aims to be more than a launching pad for writers It attempts to bridge the gap between radical perspectives without losing focus on the centrality of African American culture to the national conversation The coming together of figures like Armond White Kate Millett Lorenzo Thomas Russell Jacoby Adolph Reed and Amiri Baraka is quite unlike what can be found in standard literary and social publications They treat the African American condition as a policy issue or an executive summary report not as a touchstone for the state of the nation as a whole The initial volume also deals extensively and seriously with the issue of humanism and terror the nature of social movements electoral and urban politics and the musical trends of our time It does so with a sense of urgency often denied in mainstream literary reviews Issues of standards are addressed from the angle of African American cultural traditions and the mind body problem as a matter of race not just of metaphysics In a nutshell this volume intends to open a new chapter in the Harlem Renaissance or better an American renaissance with a Harlem lilt First of the Year is an attempt to make political arguments breathe through cultural voices Contributors include Sheldon Wolin Jean Bethke Elshtain Kurt Vonnegut Paul Berman Cha *Flight*, 1927 *France* François Guizot, 1900 *France* Guizot (M., François), 1902 *France* Guizot (M., François), 1898 **Columbus** Hans Koning, 1991 In *Columbus His Enterprise* Hans Koning describes the personality and motivation of a man who changed the course of history Exploding the myth of the Great Navigator the author reveals how Columbus accidentally found a continent and systematically pillaged its resources This controversial book depicts a Columbus not only obsessed by gold but willing to endorse murder for it 1992 marked the 500th anniversary of Columbus arrival in the New World To the indigenous peoples of Latin America the event was no cause for rejoicing In an afterword to *Columbus His Enterprise* Domitila Chungara the renowned Bolivian activist laments The invasion of our lands the theft of our riches the most horrific thing that they could ever do to our people **Best Sellers**, 1981 *The History of the Consulate and the Empire of Napoleon* Adolphe Thiers, 1876 **Nations of the World: Guizot, F.
