The Knowledge Of Man Selected Essays:

The Knowledge of Man Martin Buber,1965 [The Knowledge of Man](#) Martin Buber,1998 [A Companion to Martin Buber](#) Paul Mendes-Flohr,2025-06-25 A definitive international guide to the thought of the most important twentieth century Jewish philosopher In his 1923 essay I and Thou the philosopher theologian and activist Martin Buber introduced a philosophy of dialogue that achieved a global interdisciplinary resonance For Buber dialogue was more than a conversation dialogue discloses something essential about our orientation and our lives with one another This companion assembles twenty six scholars from a dozen countries to explore Buber s international reputation and legacy in education interfaith relations Judaism philosophy politics and psychology The result is an essential guide to one of the most influential Jewish thinkers of the twentieth century [The Religious Existentialists and the Redemption of Feeling](#) Anthony Malagon,Abi Doukhan,2019-06-27 Traditional philosophizing has generally depended upon reason as its primary access to truth Subjective experiences such as feelings the passions and emotions have typically been viewed as secondary to reason untrustworthy or both The Religious Existentialists and the Redemption of Feeling revisits how the movement of existentialism via the religious existentialists has contributed to a rethinking of the role of subjective experience in contrast to the rationalist and idealist traditions thus reframing the importance of feelings in general for the philosophical enterprise as a whole Through the considerations of a variety of thinkers this collection provides a fresh look at the contributions of twentieth century existentialists thereby re contextualizing the very notion of existentialism offering a powerful and genuine re evaluation of the significance of subjectivity and underscoring the continued relevance of the religious existentialists [Select Essays of Addison](#) Joseph Addison,1892 **Martin Buber's Dialogical Thought as a Philosophy of Action** Asaf Ziderman,2024-10-30 This book promotes a philosophical revival of Buber s dialogical thought by repositioning it as a philosophy of action departing from a long established consensus that narrowly viewed it as a post Kantian epistemology Based on careful analysis of his writings the book s main thrust is to reconstruct Buber s argument that dialogue is the perfected form of action and a perfect action is necessarily dialogical This reconstruction renders Buber s dialogical thought pertinent to contemporary analytic philosophy by situating it within central discussions in the field of philosophy of action

Selected Essays of Henry Fielding Henry Fielding,1905 **Collected Essays** Thomas Henry Huxley,1897 *Select Essays of Addison* Joseph Addison,1894 [Heidegger and His Jewish Reception](#) Daniel M. Herskowitz,2020-10-08 In this book Daniel Herskowitz examines the rich intense and persistent Jewish engagement with one of the most important and controversial modern philosophers Martin Heidegger Contextualizing this encounter within wider intellectual cultural and political contexts he outlines the main patterns and the diverse Jewish responses to Heidegger Herskowitz shows that through a dialectic of attraction and repulsion Jewish thinkers developed a version of Jewishness that sought to offer the way out of the overall crisis plaguing their world which was embodied as they saw it in Heidegger s life and thought Neither

turning a blind eye to Heidegger's anti-Semitism nor using it as an excuse for ignoring his philosophy they wrestled with his existential analytic and what they took to be its religious ethical and political failings Ironically Heidegger's thought proved itself to be fertile ground for re-conceptualizing what it means to be Jewish in the modern world

Gender and Dialogue in the Rabbinic Prism Adriel Kosman, 2012-10-30 The author applies the fields of gender studies psychoanalysis and literature to Talmudic texts In opposition to the perception of Judaism as a legal system he argues that the Talmud demands inner spiritual effort to which the trait of humility and the refinement of the ego are central This leads to the question of the attitude to the Other in general and especially to women The author shows that the Talmud places the woman who represents humility and good heartedness in the Talmudic narratives above the character of the male depicted in these narratives as a scholar with an inflated sense of self importance In the last chapter that in terms of its scope and content could be a freestanding monograph the author employs the insights that emerged from the preceding chapters to present a new reading of the Creation narrative in the Bible and the Rabbinic commentaries The divine act of creation is presented as a primal sexual act a sort of dialogic model of the consummate sanctity that takes its place in man's spiritual life when the option of opening one's heart to the other in a male female dialogue is realized

The Idea of Modern Jewish Culture Eliezer Schweid, 2008 The vast majority of intellectual religious and national developments in modern Judaism revolve around the central idea of Jewish culture This book is the first synoptic view of these developments that organizes and relates them from this vantage point The first Jewish modernization movements perceived culture as the defining trait of the outside alien social environment to which Jewry had to adapt To be cultured was to be modern European as opposed to medieval ghetto Jewish In short order however the Jewish religious legacy was redefined retrospectively as a historical culture with fateful consequences for the conception of Judaism as a humanly and not only divinely mandated regime The conception of Judaism as culture took two main forms an integrative vernacular Jewish culture that developed in tandem with the integration of Jews into the various nations of western central Europe and America and a national Hebrew culture which though open to the inputs of modern European society sought to develop a revitalized Jewish national identity that ultimately found expression in the revival of the Jewish homeland and the State of Israel
