

A close-up portrait of a woman with dark hair, wearing a light-colored headscarf and a dark, draped garment. She has a somber and contemplative expression, looking slightly downwards and to the left. The lighting is dramatic, with strong highlights on her face and the folds of her clothing, and deep shadows elsewhere. The background is a plain, light-colored wall.

Identity and Ethics in the Book of Ruth Peter H. W. Lau,2011 This study demonstrates the importance of including narrative ethics in a construction of Old Testament ethics as a correction for the current state of marginalisation of narrative in this discipline To this end the concept of identity is used as a lens through which to understand and derive ethics Since self conception in ancient Israel is generally held to be predominantly collectivist in orientation social identity theory is used to understand ancient Israelite identity Although collectivist sensitivities are important a social identity approach also incorporates an understanding of individuality This approach highlights the social emphases of a biblical text and consequently assists in understanding a text s original ethical message The book of Ruth is used as a test case employing a social identity approach for understanding the narrative but also to

model the approach so that it can be implemented more widely in study of the Old Testament and narrative ethics Each of the protagonists in the book of Ruth is examined in regards to their personal and social self components This study reveals that the narrative functions to shape or reinforce the identity of an ancient Israelite implied reader Since behavioural norms are an aspect of identity narrative also influences behaviour A social identity approach can also highlight the social processes within a society The social processes taking place in the two most commonly proposed provenances for the book of Ruth are discussed the Monarchic and Persian Periods It is found that the social emphases of the book of Ruth most closely correspond to the social undercurrents of the Persian Period On this basis a composition for the book of Ruth in the Restoration period is proposed
