The One And Indivisible French Republic:

The One and Indivisible French Republic Jack Ernest Shalom Hayward, 1974 This original and absorbing book uses geography in the classic terminology of Marc Bloch and Lucien Febvre to make room for sociology to explain the widely recognized but never systematized duality of French politics In the process it develops models that are valid in other times and places as well as in France and that challenge many prevailing interpretations of the political and economic development of Europe

Rethinking the French New Right Tamir Bar-On, 2013-04-12

This book focuses on the philosophy politics and impact of the New Right which originated in France and has since influenced activism ideology and policy in a number of European countries This book explores the idea that revolutionaries do not necessarily need to come from the left nor use arms in order to overturn liberal democracy In the post World War Two era the extremists of the revolutionary right took three different paths 1 parliamentary 2 extra parliamentary and 3 metapolitical The New Right nouvelle droite ND in France took the metapolitical path but that did not mean it abandoned its revolutionary desire to smash liberal democracy throughout Europe The book examines four interpretations of the New Right These interpretations include the following 1 The New Right as a fascist or quasi fascist movement 2 The New Right as a challenge to the traditional right left dichotomy which has structured European political debates for more than 200 years 3 The New Right as an alternative modernist movement which rejects liberal and socialist narratives of modernity accepts the technical but not political or cultural effects of modernity and longs for a pan European political framework abolishing liberal multiculturalism and privileging ethnic dominance of so called original Europeans and 4 The New Right as a variant of political religion and conversionary processes The book concludes by analysing the positions cultural and political impact and relationship to democracy of the New Right This work will be of great interest to students and scholars of racism fascism extremism European politics French politics and contemporary political theory

The Jews and the Nation Frederic Jaher, 2009-01-10 This book is the first systematic comparison of the civic integration of Jews in the United States and France specifically from the two countries revolutions through the American republic and the Napoleonic era 1775 1815 Frederic Jaher develops a vehicle for a broader and uniquely rich analysis of French and American nation building and political culture He returns grand theory to historical scholarship by examining the Jewish encounter with state formation and Jewish acquisition of civic equality from the perspective of the paradigm of liberal inclusiveness as formulated by Alexis de Tocqueville and Louis Hartz Jaher argues that the liberal paradigm worked for American Jews but that France's illiberal impulses hindered its Jewish population in acquiring full civic rights He also explores the relevance of the Tocqueville Hartz

theory for other marginalized groups particularly blacks and women in France and America However the experience of these groups suggests that the theory has its limits A central issue of this penetrating study is whether a state with democratic liberal pretensions America can better protect the rights of marginalized enclaves than can a state with authoritarian tendencies France The Tocqueville Hartz thesis has become a major issue in political science and this book marks the first time it has been tested in a historical study The Jews and the Nation returns a unifying theory to a discipline fragmented by microtopical scholarship Ledru-Rollin and the Second French Republic Alvin Rosenblatt Calman,1922 History of Switzerland Wilhelm Oechsli,1922 **Memoirs of Barras: The directorate up to the 18th fructidor** Paul vicomte de Barras,1895 **Memoirs of Barras, Member of the Directorate: The directorate up to the 18th fructidor** Paul vicomte de Barras,1895 Paul Fran ois Jean Nicolas vicomte de Barras 30 June 1755 29 January 1829 was a French politician of the French Revolution and the main executive leader of the Directory regime of 1795 1799 Owing to his intimate relations with Jos phine de Beauharnais Barras helped to facilitate a marriage between her and Bonaparte Some of his contemporaries alleged that this was the reason behind Barras nomination of Bonaparte to the command of the army of Italy early in the year 1796 Bonaparte s success gave to the Directory an unprecedented stability and when in the summer of 1797 the royalist and surviving Girondist opposition again met the government with resistance Bonaparte sent General Augereau a Jacobin to repress their movement in the Coup of 18 Fructidor 4 September 1797 Wikipedia **The History of the French Revolution** Adolphe Thiers,1882 *An Authentic Copy of the New Plan of the French Constitution* France.
