The Origin Of Green Poems:

The Origin of Green Thomas Alan Broughton, 2001 A collection of poetry by T Alan Broughton *English Fairy Poetry from the Origins to the Seventeenth Century* Floris Delattre, 1912 **"The" History Of English Poetry From The Close Of The Eleventh Century To The Commencement Of The Eighteenth Century ; To Which Are Prefixed, Three Dissertations: 1. Of The Origin Of Romantic Fiction In Europe. 2. On The Introduction Of Learning Into England. 3. On The Gesta Romanorum ; From The Edition Of 1824 Superintended By The Late Richard Price, Esq. Including The Notes Of Mr. Ritson, Dr. Ashby, Mr. Douce, And Mr. Park ; Now Further Improved By The Corrections And Additions Of Several Eminent Antiquaries ; In Three Volumes** Thomas Warton, 1840 **The Cambridge History of American Poetry** Alfred Bendixen, Stephen Burt, 2014-10-27 The Cambridge History of American Poetry offers a comprehensive exploration of the development of American poetic traditions from their beginnings until the end of the twentieth century Bringing together the insights of fifty distinguished scholars this literary history emphasizes the complex roles that poetry has played in American cultural and intellectual life detailing the variety of ways in which both public and private forms of poetry have met the needs of different communities at different times The Cambridge History of American Poetry recognizes the existence of multiple traditions and a dramatically fluid canon providing current perspectives on both major authors and a number of representative figures whose work embodies the diversity of America s democratic traditions Poetry, Its Origin, Nature, and History Frederick A. Hoffmann, 1884 **Poetry, its origin, nature, and history. To which is added A compendium of the works of the poets of all times and countries** Frederick August Hoffmann, 1884 The History of English Poetry Thomas Warton, 1840 **English Lyrical Poetry from Its Origins to the Present Time** Edward Bliss Reed, 1912 The History and Poetry of the Scottish Border John Veitch, 1878 The Floral Kingdom, Its History, Sentiment and Poetry Cordelia Harris Turner, 1876 **The History of English Dramatic Poetry to the Time of Shakespeare: and Annals of the Stage to the Restoration. A New Ed** John Payne Collier, 1879 **Sir Gawain and The Green Knight** Helen Cooper, 2008-09-11 Sir Gawain and The Green Knight with its intricate plot of enchantment and betrayal is probably the most skilfully told story in the whole of the English Arthurian cycle Originating from the north west midlands of England it is based on two separate and very ancient Celtic motifs of the Beheading and the Exchange of Winnings brought together by the anonymous 14th century author Acclaimed poet Keith Harrison s new translation uses a modern alliterative pattern which subtly echoes the music of the original at the same time as it strives for fidelity This is the most generously annotated edition available complete with a detailed introduction which situates the work in the context of Arthurian Romance as well as analysing its poetics and narrative structure **A New History of Green** Jim Zukowski, 2005 **An Introduction to the Gawain Poet** John M Bowers, 2021-08-01 In An Introduction to the Gawain Poet John Bowers surveys an expanded selection of the works of Chaucer s anonymous contemporary considering Sir Gawain

and the Green Knight alongside the poet's lesser known but no less brilliant works. In addition to his succinct introductions and plot summaries, Bowers skillfully details the cultural, historical, political, and religious contexts for these works, synthesizing them with close reading of selected passages. Perhaps his most exciting contribution to the field is his choice to historicize the poet's life and works in the context of the royal culture of King Richard II, boldly contending that it was highly possible the Gawain Poet was a frequent visitor to Richard's court in London. The final chapter surveys the works influenced by, as well as the influences reflected in, the poet's work from the Bible to *The Lord of the Rings*. The attention Bowers pays to the critical tradition that has developed around these texts over the past hundred years makes *An Introduction to the Gawain Poet* an ideal volume for both undergraduate students and scholars of the Gawain Poet. Bowers has marshaled his formidable skills to create a book impressive in its balanced combination of breadth and depth.

The History of English Poetry from the Eleventh to the Seventeenth Century Warton, 1875 *A New Library of Poetry and Song* William Cullen Bryant, 1925 **The Cambridge History of American Literature**, 1917 *English Poems: Old English and Middle English periods 450-1550* Walter Cochrane Bronson, 1910 *CliffsNotes on Sir Gawain and the Green Knight* John Gardner, 1999-03-03. This Middle English poem about the moral testing of a young hero is commonly described as the greatest Arthurian romance in our literary tradition. It is a question still as to who the author is, but this poet is considered second only to Chaucer. *Truth*, 1901
