Paracritical Hinge Nathaniel Mackey,2005 *Paracritical Hinge* is a collection of varied yet interrelated pieces highlighting Nathaniel Mackey s multifaceted work as writer and critic It embraces topics ranging from Walt Whitman s interest in phrenology to the marginalization of African American experiential writing from Kamau Brathwaite s calibanistic language practices to Garc a Lorca s flamenco aesthetic of duende and its continuing repercussions from H D s desert measure and coastal way of knowing to the altered spatial disposition of Miles Davis s trumpet sound from Robert Duncan s Vietnam War poetry to the emancipatory potential of collaborative practices

from serial poetics to diasporic syncretism from the lyric poems present day predicaments to gnosticism Offering illuminating commentary on these and other artists including Amiri Baraka Mississippi Fred McDowell Wilson Harris Jack Spicer John Coltrane Jay Wright and Bob Kaufman Paracritical Hinge also sheds light on Mackey's own work as a poet fiction writer and editor

Early America Revisited Ivan Van Sertima, 1998 *Early America Revisited* is a vigorous defense and amplification of Ivan Van Sertima's classic work *They Came Before Columbus*. The book makes a carefully balanced case for an African presence in America before Columbus' voyages. At the same time the work in no way denies the importance of the Columbus voyages for opening up the New World to Europe and hence changing the economic and political map of the world for all time. Van Sertima's critical cutting edge is that there is an anthropological and ethnographic dimension to the process of discovery one in which black Africans of non European origins played a central role. He marshals literary and pictorial evidence and shows its authenticity to be beyond question. The impact of these early discoveries is of far more than historical interest. They serve as a basis to examine anew the study of culture contacts between civilizations and in so doing offer a serious base to a multifaceted re-examination of earlier hypotheses of influences in both directions. *Early America Revisited* provides anthropological evidence about the physical presence of Africans in pre-Columbian America. It is also the study of how two peoples and cultures can lead to cross-fertilization. The borrowing of artifacts and ideas does not mean that the outsider is superior to the native or that indigenous cultures are insignificant. Van Sertima contends that such relationships can be unpleasant as well as pleasant conflictual as well as consensual. But whatever the character of the interaction its very existence merits awareness. This book is likely to engender disputes and disagreements. But there is no question that it will enrich the study of a wide range of subjects from archaeology to anthropology and result in profound changes in the reordering of historical priorities and pedagogy. It should be of wide interest to social scientists historians and all those for whom the question of race and culture is a central facet of their own work and lives. Jacqueline L. Patten Van Sertima who is responsible for the photographic materials in this volume has had her work exhibited at the Museum of the City of New York the National Urban League Columbia University and many galleries across the country. Her publications include *The Black Photographers Annual* and *Black Photographers*.

Resistance Stories from Black History for Kids Rann Miller, 2023-03-07

Black history is a robust and multifaceted chapter in world history that is often watered down. History books tend to highlight whitewashed versions of African enslavement the Civil Rights Movement and other safe topics that while important do not fully encapsulate the experiences of the Black and African diaspora. By telling the stories that are often omitted from history *Resistance Stories from Black History for Kids* sets out to show that the Black experience is not only defined by marching and boycotting but also through rebellion and resistance. Learn about little-known facets events and figureheads from Black history including Vicente Guerrero the first Black North American president One Marie Judge and her escape to freedom from George Washington Dr. Carter G. Woodson and the real reason he created Black History Month. The history of the dap

and its roots in African tradition Mansa Musa and his travels throughout the continent of Africa And many more exciting stories Written by an expert educator highly experienced in historical analysis and diversity Resistance Stores from Black History for Kids is the ultimate lesson in Black history that will empower and inspire the youth through its retellings of the stories often left by the wayside

The Battle over America's Origin Story Brian Regal, 2022-05-06 This book examines the legends of who really discovered America It argues that histories of America s origins were always based less on empirical evidence and more on social political and cultural wish fulfillment Influenced by a complex interplay of Nativist hatred of immigrants and Aboriginal people as well as distrust of academic scholarship these legends ebbed and flowed with changing conditions in wider American society The book focuses on the actions of a collection of quirky obsessed amateur investigators who spent their lives trying to prove their various theories by promoting Welsh princes Vikings Chinese admirals Neo lithic Europeans African explorers and others who they say arrived centuries before Columbus These myths acted as mitigating agencies for those who embraced them Along with recent scholarship this book makes extensive use of archival materials some of which have never been employed before It covers the period from the sixteenth century to the present It brings together separate historiographic ideas to create a unified history rather than focusing on one particular legend as most books on the subject do It shows how questions of who discovered America helped create the field of historical scholarship in this country This book does not attempt to prove who discovered America rather it tells the story of those who think they did
