Things Hidden:

Seeing Things Hidden Malcolm Bull, 1999 The multiplicity of the self and the inaccessibility of truth are commonplaces of contemporary thought But in *Seeing Things Hidden* they become key features of a philosophy of history that reunites emancipatory political theory with the apocalyptic tradition Apocalyptic is the revelation of things hidden But what does it mean to be hidden And why are things hidden in the first place By gently teasing out the meanings of hiddenness this book develops a new theory of apocalyptic and explores its relation to the writings of Kant Hegel Benjamin and Derrida Exploiting affinities between the work of Lukacs and recent American philosophers like Rorty and Cavell Bull argues that the central dynamic of late modernity is the coming into hiding of the contradictory identities generated through political and social emancipation Drawing on analytic and Continental philosophy he articulates the most ambitious philosophy of history since Francis Fukuyama's *The End of History* presenting fresh interpretations of such icons of modernity as Hegel's master-slave dialectic Benjamin's angel of history Du Bois's concept of double consciousness and Rawls's veil of ignorance

Evolution of Desire Cynthia L Haven, 2018-04-01 Ren Girard 1923-2015 was one of the leading thinkers of our era a provocative sage who bypassed prevailing orthodoxies to offer a bold sweeping vision of human nature human history and human destiny His oeuvre offering a mimetic theory of cultural origins and human behavior inspired such writers as Milan Kundera and J M Coetzee and earned him a place among the forty immortals of the Académie Française Too often however his work is considered only within various academic specializations This first ever biographical study takes a wider view Cynthia L Haven traces the evolution of Girard's thought in parallel with his life and times She recounts his formative years in France and his arrival in a country torn by racial division and reveals his insights into the collective delusions of our technological world and the changing nature of warfare Drawing on interviews with Girard and his colleagues *Evolution of Desire: A Life of Ren Girard* provides an essential introduction to one of the twentieth century's most controversial and original minds

How Violence Works John Babak Ebrahimian, 2025-05-15 This book uncovers how violence stems from our desires It explores why we compete envy and sometimes escalate conflicts into war From wanting material things such as cars or prestigious jobs to seeking power or influence desire can often lead to violence The book shows how this plays out in major

historical events such as 9 11 and the two World Wars Drawing from literature pop culture psychology mythology and religion it explains how desire is always mimetic or imitative We desire what another person wants While mimetic desire can be a constructive mechanism it is also capable of creating violent mechanisms such as the scapegoat mechanism which we have seen throughout history In looking at Jesus Christ s passion and resurrection we see how he uncovered the scapegoat mechanism and along with his teachings offered a viable path to peace and an end to violence **Jesus and Myth** Peter John Barber,2021-02-15 Is Jesus mythological And is he a mere product of his cultural milieu Through narratological and social scientific analysis of the gospel account Barber systematically demonstrates that there are two opposing patterns structuring the gospel The first is the pattern of this world which is the combat myth with a typical sequence of motifs having mythological meanings It is lived out by everyone else in the accounts except Jesus because this pattern of the world is the pattern of myth culture which is the pattern of the old Adam and sin nature The pattern of Jesus is the pattern intended for Adam to walk in and is the unique pattern of the new Adam Jesus Christ Jesus s pattern inverts the sequence and subverts the significance of each and every motif and episode of the myth culture s pattern Barber shows that Jesus s failure to conform to this world s mythological pattern establishes that he is not mythological and not a product of his culture As the apostle Peter states we did not follow cleverly devised tales myths when we made known to you the power and coming of our Lord Jesus Christ but we were eyewitnesses of his majesty 2 Pet 1 16 **Theological quarterly** ,1908 *These Things Hidden* Heather Gudenkauf,2013-10-29 Allison Glenn tried to hide what happened that night and failed The consequence A prison sentence Now she s free But secrets have a way of keeping you locked up When teenager Allison Glenn is sent to prison for a heinous crime she leaves behind her reputation as Linden Falls golden girl forever Her parents deny the existence of their once perfect child Her former friends exult her downfall Her sister Brynn faces whispered rumors every day in the hallways of their small Iowa high school It s Brynn shy quiet Brynn who carries the burden of what really happened that night All she wants is to forget Allison and the past that haunts her But then Allison is released to a halfway house and is more determined than ever to speak with her estranged sister Now their legacy of secrets is focused on one little boy And if the truth is revealed the consequences will be unimaginable for the adoptive mother who loves him the girl who tried to protect him and the two sisters who hold the key to all that is hidden *Church work* Guild of st.
