Martin Luther's Understanding of Faith and Reality (1513-1521) Ilmari Karimies, 2022-08-03 Ilmari Karimies investigates Martin Luther s understanding of reality and faith He examines Luther s understanding of reality from three perspectives firstly God as the self giving highest good uniting opposites and hiding beneath them secondly the visible and invisible world and thirdly human beings as tripartite body soul spirit and bipartite flesh spirit The author explores the cognitive conflict between these in relation to spirit s grasping of God and the invisible world with reference to Augustinian Platonism He analyses aspects of faith from the perspective of the theory of divine illumination and shows that Luther represents a realistic Augustinian view Faith functions as the theological intellect grasping the invisible world and showing

Cross and Creation Mark E. Therrien,2022-05-20 Even though the theology of Origen of Alexandria has shaped the Christian Tradition in almost every way the controversies over his legacy have been seemingly endless One major interpretative trend for example has suggested Origen s theology is really akin to the heterodox Gnostics against whom he wrote than the actual teaching of the Gospel since he supposedly had a disdainful attitude towards Creation and ultimately saw little redemptive meaning in the Passion In *Cross and Creation A Theological Introduction to Origen of Alexandria* Mark Therrien offers an original interpretation of Origen s theology Focusing on some of Origen s most important works especially *On First Principles* and the *Commentary on John* but ultimately making reference to his writings more broadly this book retrieves and examines some of the foundational pillars of Origen s theology through close readings and re examinations of those texts It examines eight of these theological foundations God Christ the Holy Spirit the end the soul the world the cross and deification Moreover by showing the connections between Origen s understanding of these foundational pillars it also shows the coherence of his theology as a whole Taken collectively what emerges from these eight chapters is that two doctrines specially shape Origen s theology Cross and Creation As Therrien shows Origen did not hold contempt for Creation Rather Origen thinks that Creation emerges from the very life of God as eternally foreknown and provided for in the person of Christ the Wisdom of God the Father Moreover he also holds that though fallen Creation will be restored according to its original eternal intention in God precisely through the Passion of Jesus Christ on the Cross The Cross is thus not minimized in Origen s theology it is rather its very center

Leviathan - Revised Edition Thomas Hobbes,2010-12-23 Thomas Hobbes s *Leviathan* is the greatest work of political philosophy in English and the first great work of philosophy in English Beginning with premises that were sometimes controversial such as that every human action is caused by the agent s desire for his own good Hobbes derived shocking conclusions such as that the civil government enjoys absolute control over its citizens and that the sovereign has the right to determine which religion is to be practiced in a commonwealth Hobbes s contemporaries recognized the power of arguments in *Leviathan* and many of them wrote responses to it selections by John Bramhall Robert Filmer Edward Hyde George Lawson William Lucy Samuel Pufendorf and Thomas Tenison are included in this edition *Leviathan* is divided into four parts In the first part *Of Man* Hobbes presents a view of human beings and of the

natural world in general that is materialistic and mechanistic In the second part Of Commonwealth he defends the theory of absolute sovereignty the view that the government has all the political power and has the right to control any aspect of life In the third part Of a Christian Commonwealth he critiques concepts like revelation prophets and miracles in such a way that it becomes doubtful whether they can be rationally justified In the fourth part Of the Kingdom of Darkness he explains various ways in which priestly religion has corrupted religion and transgressed the rights of the sovereign *The Works of John Wesley: Letters, Essays, Dialogs and Addresses* John Wesley,1872 **A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church: St. Chrysostom: Homilies on the Gospel of St. John and the Epistle to the Hebrews** ,1889 **The Apostles' creed** Robert Christopher Gibson,1875
