**Western Literature** Richard Gaskin, 2018-05-04 This book offers a unique interpretation of tragic literature in the Western  
tradition deploying the method and style of Analytic philosophy Richard Gaskin argues that tragic literature seeks to offer  
moral and linguistic redress compensation for suffering Moral redress involves the balancing of a protagonist's suffering with  
guilt and vice versa Gaskin contends that to a much greater extent than has been recognized by recent critics traditional  
tragedy represents suffering as incurred by avoidable and culpable mistakes of a cognitive nature Moral redress operates in  
the first instance at the level of the individual agent Linguistic redress by contrast operates at a higher level of generality  
namely at the level of the community its fundamental motor is the sheer expressibility of suffering in words Against many  
writers on tragedy Gaskin argues that language is competent to express pain and suffering and that tragic literature has that  
expression as one its principal purposes The definition of tragic literature in this book is expanded to include more than stage  
drama the treatment stretches from the Classical and Medieval periods through to the early twentieth century There is a  
special focus on Sophocles but Gaskin takes account of most other major tragic authors in the European tradition including  
Homer Aeschylus Euripides Virgil Seneca Chaucer Marlowe Shakespeare Corneille Racine Lessing Goethe Schiller Kleist B  
chner Ibsen Hardy Kafka and Mann lesser known areas such as Renaissance neo Latin tragedy are also covered Among  
theorists of tragedy Gaskin concentrates on Aristotle and Bradley but the contributions of numerous contemporary  
commentators are also assessed **Tragedy and Redress in Western Literature A Philosophical Perspective** offers a new and  
genuinely interdisciplinary perspective on tragedy that will be of considerable interest both to philosophers of literature and
