**THE THIRTIES: A DREAM REVOLVED . BY JULIAN SYMONS.** Julian Symons,1975 *The Thirties* Julian Symons,1960 **"The" Thirties** Julian Symons,1975 **The Thirties; a Dream Revolved. Los Años Treinta; Evocacion de Un Sueño** Julian Symons,1960 **Men and Women Writers of the 1930s** Janet Montefiore,2003-09-02 Men and Women Writers of the 1930s is a searching critique of the issues of memory and gender during this dynamic decade Montefiore asks two principle questions what part does memory play in the political literature of and about 1930s Britain And what were the roles of women both as writers and as signifying objects in constructing that literature Montefiore s topical analysis of 1930s mass unemployment fascist uprising and appeasement is shockingly relevant in society today Issues of class anti fascist historical novels post war memoirs of Auden generation writers and neglected women poets are discussed at length Writers include George Orwell Virginia Woolf W H Auden Storm Jameson Jean Rhys Rebecca West **Leisure, Citizenship and Working-class Men in Britain, 1850-1945** Brad Beaven,2005 From the bawdy audience of a Victorian Penny Gaff to the excitable crowd of an early twentieth century football match working class male leisure proved to be a contentious issue for contemporary observers For middle class social reformers from across the political spectrum the spectacle of popular leisure offered a view of working class habits and a means by which lifestyles and behaviour could be assessed For the mid Victorians gingerly stepping into a new mass democratic age the desire to create a bond between the recently enfranchised male worker and the nation was more important than ever This trend continued as those in governance perceived that good leisure and citizenship could fend off challenges to social stability such as imperial decline the mass degenerate city hooliganism civic and voter apathy and fascism Thus between 1850 and 1945 the issue of male leisure became enmeshed with changing contemporary debates on the encroaching mass society and its implications for good citizenry Working class culture has often been depicted as an atomised and fragmented entity lacking any significant cultural contestation Drawing on a wealth of primary and secondary source material this book powerfully challenges these recent assumptions and places social class centre stage once more Arguing that there was a remarkable continuity in male working class culture between 1850 and 1945 Beaven contends that despite changing socio economic contexts male working class culture continued to draw from a tradition of active participation and cultural contestation that was both class and gender exclusive This lively and readable book draws from fascinating accounts from those who participated in and observed contemporary popular leisure making it of importance to students and teachers of social history popular culture urban history historical geography historical sociology and cultural studies **London in the Thirties** Alice Prochaska,London Museum,1973 *Stephen Spender and the Thirties* Andrew Kingsley Weatherhead,1975 Criticism of Stephen Spender s poetry is long overdue and this book attempts to remedy the neglect The study begins by providing background for the ensuing discussions of Spender and his work Weatherhead discusses Spender s poetry volume by volume in an attempt to get

at the essence of his work British Literary Magazines: The modern age, 1914-1984 Alvin Sullivan, 1983 **Committed Styles** Benjamin Kohlmann, 2014 *Committed Styles* offers a new understanding of the politicized literature of the 1930s and its relationship to modernism. It reclaims a central body of literary and critical works for modernist studies offering in depth readings of texts by T S Eliot and I A Richards as well as by key left wing authors including William Empson, David Gascoyne, Charles Madge, Humphrey Jennings and Edward Upward. Building on substantial new archival research, Benjamin Kohlmann explores the deep tensions between modernist experimentation and political vision that lie at the heart of these works. Taking as its focus the work of these writers, the book argues that the close interactions between literary production, critical reflection and political activism in the decade shaped the influential view of modernism as fundamentally apolitical. Intervening in debates about the long life of modernism, it contends that we need to take seriously the anti-modernist impulse of 1930s left wing literature even when attention is paid to the formal complexity of these committed works. The tonal ambiguities which run through the politicised literature of the 1930s thus effect not a disengagement from but a more thorough immersion in the profoundly conflicted political commitments of the decade. At the same time, the study shows that debates about the politics of writing in the 1930s continue to inform current debates about the relationship between literature and political commitment. *The Thirties in Britain* Norman Page, 1990. Conveys by means of extracts how W H Auden, Christopher Isherwood, Anthony Powell, Evelyn Waugh, George Orwell, Louis MacNeice, Stephen Spender and others responded to poverty, unemployment, communism, fascism, Spanish Civil War and the coming of World War II. **Graham Greene, the Novelist** Andrzej Weseliński, 1983. *Christopher Caudwell* Robert J. Sullivan, 1987. British Theatre and the Red Peril Steve Nicholson, 1999. This book examines how communism was portrayed in plays in the British theatre between 1917 and 1945 and how the theatre played a significant part in communicating and manipulating political propaganda in order to influence orders. *Orwell in Context* Benjamin James Clarke, 2007-07-12. This bold new reading of Orwell's work focuses upon his representation of communities and the myths that shape them. In particular, it analyzes his interpretations of class, gender and nationality within the context of the political and literary culture of the Nineteen Thirties and Forties. The book uses a wide range of literary, historical and theoretical texts to argue that Orwell's radicalism lay in his attempt to integrate traditional communal identities into a revolutionary socialist politics. **The New Pelican Guide to English Literature: From James to Eliot** Boris Ford, 1982. V 1 pt 1 Medieval literature: Chaucer and the alliterative tradition; pt 2 Medieval literature: the European inheritance; v 2 The age of Shakespeare; v 3 From Donne to Marvell; v 4 From Dryden to Johnson; v 5 From Blake to Byron; v 6 From Dickens to Hardy; v 7 From James to Eliot; v 8 The present; v 9 American literature.
