Treating Emotional Disorder In Gay Men

Steven Schwartzberg

Treating Emotional Disorder In Gay Men:

Treating Emotional Disorder in Gay Men Martin Kantor, 1999-07-30 Emotional problems do not discriminate according to sexual orientation Therefore gay men have the same emotional difficulties as everyone else When emotional problems in gay men are viewed solely as the product of sociopolitical events it limits the therapeutic intervention to correction Dr Kantor asserts that the gay aware supportive therapist can treat the emotional problem with a positive result by meeting the needs of the individual patient with a diagnosis based treatment approach Supportive psychotherapy for gay men with emotional problems can eliminate a broad range of emotional difficulties that are not exclusive to gay men It shows therapists how psychological problems can be buried in a gay context and guides them to recognition and dynamic evaluation that forms the basis of a treatment plan that is simultaneously affirmative supportive and corrective *Homophobia* Martin Kantor MD, 2009-02-17 Ten years after he first brought us the book *Homophobia* which laid bare the harsh realities and harmful effects of this sexual bigotry psychiatrist Martin Kantor delves again into prejudice and discrimination even flat out acts of absolute hatred against gays in the United States Have things changed One might think so Ten years ago Matthew Shephard was strung up to die on a fence because he was gay But no such blatant hatred has made headlines here since the turn of the millennium Ten years ago Pat Robinson authored a book that assured lasting peace would only occur when a group including drug dealers assassins worshippers of Satan and homosexuals are no longer on top Yet by 2007 Robinson was pledging support for pro gay Republican presidential candidate Rudy Giuliani And gays only longing for a formal relationship a decade ago are now entering into civil unions even gay marriage in states that have legalized the ceremonies Hate crime laws have been revised to include gays and gays are now recognized in domestic partner clauses common across insurance policies People appear open about homosexuality in the media gays are featured on television shows and in movies alongside straights The advances seem great But they are only surface advances cautions Kantor Because the consequences of hate crimes are a lot more severe than they used to be gays and lesbians are being hunted down and beaten up less frequently than they once were But people are still full of hate just more wary of punishment so more circumspect about how they express it In this new edition Kantor tells in harsh detail how and why people still fire off slurs like faggot and dyke and threaten harm from blowing up their homes to bashing in their heads Kantor takes us across sites in America from city streets to hospitals schools broadcast stations and churches to police departments showing how homophobia is still very much alive While the problem may be less acute it is still chronic and while it may not take as many lives it ruins perhaps even more he explains Homophobia is a phenomenon that in significant respects parallels mental illness adds the psychiatrist Education alone will not stem the homophobic tide We also need to uncover and treat the psychoneurotic dimension of homohatred Yes we can admire the changes in homophobia over the last decade but we must not forget or ignore the fact that the human beings who create homophobia haven't changed that much even over the centuries Gay, Lesbian,

Bisexual, and Transgender Aging Tarynn M. Witten,A. Evan Eyler,2012-06 The graying of the US population draws increasing focus to historically unattended segments of society including sexual and gender minorities This title addresses the challenges of aging in the gay lesbian bisexual transgender and intersex populations It presents what is known about aging GLBT individuals

Why a Gay Person Can't Be Made Un-Gay Martin Kantor MD,2014-11-25 Despite an abysmal success rate practitioners still use reparative therapy in an attempt to turn gays and lesbians straight This text exposes the pitfalls that should be considered before gays embark on this journey that typically leads nowhere Although homosexuality is becoming less stigmatized in American culture gays and lesbians still face strong social familial financial or career pressures to convert to being heterosexuals In this groundbreaking book longtime psychiatrist Martin Kantor MD himself homosexual and once immersed in therapy to become straight explains why so called reparative therapy is not only ineffective but should not be practiced due its faulty theoretical bases and the deeper lasting damage it can cause This standout work delves into the history of reparative therapy describes the findings of major research studies and discusses outcome studies and ethical and moral considerations Author Kantor identifies the serious harm that can result from reparative therapy exposes the religious underpinnings of the process and addresses the cognitive errors reparative therapy practitioners make while also recognizing some positive features of this mode of treatment One section of the book is dedicated to discussing the therapeutic process itself with a focus on therapeutic errors that are part of its fabric Finally the author identifies affirmative eclectic therapy not reparative therapy as an appropriate avenue for gays who feel they need help with goals of resolving troubling aspects of their lives that may or may not be related to being homosexual and of self acceptance rather than self mutation

The Science and Treatment of Psychological Disorders Ann M. Kring,Sheri L. Johnson,2024-08-07 The Science and Treatment of Psychological Disorders blends theory and research with practice and clinical application to provide learners with a solid foundation in psychological disorders and develop their understanding with up to date and relevant research examples and contexts From its first edition the focus of this book has always been on balancing contemporary research and clinical application while involving the learner in the problem solving engaged in by clinicians and scientists It continues to emphasize an integrative approach showing how psychopathology is best understood by considering multiple perspectives genetic neuroscientific cognitive behavioral and sociocultural and how these varying perspectives produce the clearest accounting of the causes of these disorders as well as provide insights into the best possible treatments With this new sixteenth edition Abnormal Psychology is dropped from the title The importance of stigma and mental illness is discussed throughout never is this more important than now when many social ills such as gun violence are too easily blamed on mental illness while we continue to warehouse people with psychological disorders in jails at an astonishing rate AN INTERACTIVE MULTIMEDIA LEARNING EXPERIENCE This textbook includes access to an interactive multimedia e text Icons throughout the print book signal corresponding digital content in the e text Case Study Videos and

Pause and Ponder Activities A collection of fourteen 7 to 10 minute Case Study Videos presents an encompassing view of a variety of psychological disorders featuring people experiencing these disorders and their families describing symptoms from their own perspective In addition each video provides concise information about the available treatment options and commentary from a mental health professional Each video is presented in the context of a Pause and Ponder activity with the following elements Part I Pause Readers are asked to read several short examples of everyday life situations facing a person or people with a particular disorder and assess their own ability to empathize Part II Learn Readers are directed to view the Case Study Video and answer a series of questions with interactive self scoring Part III Ponder Finally readers are asked to respond to one or more open ended questions and to reassess their ability to empathize Interactive Figures Charts Tables Appearing throughout the enhanced e text interactive figures process diagrams and tables facilitate the study of complex concepts and processes and help students retain important information Even many of the simplest figures are interactive to encourage online readers to pause and absorb the information they present before scrolling on to additional reading Interactive Self Scoring Check Your Knowledge Questions and Practice Quizzes Students can check their answers to the Check Your Knowledge questions at the end of each major chapter section instantly and each chapter includes a self scoring Practice Quiz to help prepare for graded assignments and exams

Mental Disorders of the New Millennium Thomas G. Plante,2006

Therapeutic Perspectives on Working with Lesbian, Gay, and Bisexual Clients Dominic Davies,Charles Neal,2000 Following the text *Pink Therapy* as a practical guide for therapists counsellors and others working with lesbian gay and bisexual clients this volume addresses how this can be approached from ten of the major therapeutic perspectives

Textbook of Men's Mental Health Jon E. Grant,Marc N. Potenza,2007 It also includes contributions by today's experts in men's mental health

Psychoanalytic Therapy and the Gay Man Jack Drescher,2014-05-22 Do the conventional insights of depth psychology have anything to offer the gay patient Can contemporary psychoanalytic theory be used to make sense of gay identities in ways that are helpful rather than hurtful respectful rather than retraumatizing In *Psychoanalytic Therapy and the Gay Man* Jack Drescher addresses these very questions as he outlines a therapeutic approach to issues of sexual identity that is informed by traditional therapeutic goals such as psychological integration and more authentic living while still respecting even honoring variations in sexual orientation Drescher's exploration of the subjectivities of gay men in psychoanalytic psychotherapy is more than a long overdue corrective to the inadequate and often pathologizing tomes of traditional psychoanalytic writers It is a vitally human testament to the richly varied inner experiences of gay men Drescher does not assume that sexual orientation is the entire or even major focus of intensive psychotherapy But he does argue passionately and convincingly that issues of sexual identity which encompass a spectrum of possibilities for any gay man must be addressed in an atmosphere of honest encounter that allows not only for exploration of conflict and dissociation but also for restitutive confirmation of the patient's right to be himself Through its abundance of first person testimony from both

clinical and literary sources Psychoanalytic Therapy and the Gay Man provides the reader with an unforgettable grasp of what it is like to discover that one is gay in our society and then to find the courage and humanity to live with that knowledge Any mental health professional regardless of his or her sexual orientation who wishes to deal therapeutically with gay men will find Drescher's work indispensable But it will also be compelling reading for anyone seeking psychological insight into gay men's lives and concerns

Treating the Psychological Consequences of HIV Michael F. O'Connor, Irvin D. Yalom, 1997 Treating the Psychological Aspects of HIV is the first book on therapeutic assessment and technique written for front line clinicians who work with the millions of HIV patients and their friends families and caregivers Written by experts in the field the comprehensive resource offers specific recommendations for working with various HIV client populations and addresses the important issues surrounding specific ethical and legal problems such as testing and disclosure vs confidentiality

Journal of the History of Sexuality, 2000 **Understanding Paranoia** Martin Kantor, 2008-07-30 The only guide currently available on paranoia this work offers a method for understanding coping with and treating this widespread and neglected condition which can result in serious social consequences from isolation to violence in schools and the workplace

The Psychology of Prejudice and Discrimination: Bias based on gender and sexual orientation Jean Lau Chin, 2004 Examine the state of prejudice and discrimination in America today and each offers practical direction that can be taken by individuals communities and officials to create a more just society Each chapter offers a toolbox of information on how to cope how to keep oneself whole how to seek validation of identity how to raise children to dispel unfair images and perceptions and how to work for societal change

Casebook of Psychological Disorders Steven Schwartzberg, 2000 This casebook offers fifteen lively cases that illustrate a wide range of specific DSM IV diagnoses covered in the abnormal psychology course These cases integrate issues of racial and gender diversity and provide insight into the lives of people suffering from a variety of psychological disorders highlighting how psychological distress is experienced and treated in real life Each case follows a similar pattern to aid reader comprehension An Introduction describes the problems in the person's life or the catalyst bringing him or her into therapy A Psychosocial History offers childhood and other relevant background data to provide a context for the disorder The Conceptualization section offers the rationale for the diagnosis and the Treatment section then outlines the appropriate psychotherapy as well as any other treatments such as medication or group therapy The Discussion section highlights interesting aspects of the case presents relevant research and examines various theoretical perspectives on treatment Finally the Prognosis section covers reasonable expectations of what the future might hold for this person Critical Thinking Questions are posed at the end of each chapter Gender and cultural diversity are highlighted among both clients and psychotherapists with important cultural issues woven throughout the cases The cases themselves feature people from a variety of backgrounds and heritages the impact of sociocultural factors on the experience or prevalence of a disorder is often discussed as well as how treatment is affected when the client and therapist come from

different ethnic backgrounds This casebook also features diverse theoretical orientations that drive treatment Treatment outcomes are diverse and realistic and span from short to long term Most are designed as ideal interventions but some are influenced by economic concerns and changing models of available services For anyone interested in abnormal psychology

Counseling Lesbian, Gay, Bisexual, and Transgender Substance Abusers Dana G. Finnegan, Emily B. McNally, 2002 This book a completely revised version of the authors 1987 *Dual Identities* offers insight on the special treatment issues of lesbian gay bisexual and transgender LGBT substance abusers It describes stages of sexual identity transformation looks at different counseling approaches and gives practical suggestions for helping clients Information is accessible to beginning and experienced counselors as well as patients Finnegan an alcohol counselor and McNally a psychologist and alcohol counselor are co founders and current board members of the National Association of Lesbian and Gay Addiction Professionals c Book News Inc

Psychotherapy with Gay Men and Lesbians Jack Drescher, Ann D'Ercole, Erica Schoenberg, 2014-02-25 Examine gay and lesbian psychoanalysis from a variety of perspectives *Psychotherapy with Gay Men and Lesbians Contemporary Dynamic Approaches* presents case histories of psychotherapy sessions with gay and lesbian patients focusing on today s psychoanalytical approaches Dedicated to enhancing the emotional psychological and psychiatric treatment of gay men lesbians and bisexuals the book features prominent analysts with a wide range of clinical and theoretical approaches The foremost experts in the therapeutic field address issues affecting gay and lesbian patients from psychoanalytic perspectives that respect the patients sexual identities *Psychotherapy with Gay Men and Lesbians* reflects the significant clinical and theoretical changes therapists face in dealing with issues of gender and sexuality New ways of thinking coexist with traditional theory as paradigm shifts in psychotherapy and psychoanalysis affect the treatment of gay lesbian and bisexual patients This book provides a forum to address those changes through clinical papers and discussions *Psychotherapy with Gay Men and Lesbians* includes discussion of case reports that deal with gay therapists treating gay patients countertransference enactments of sex and gender in treatment rethinking the meanings of homosexuality psychotherapeutic treatment of gay male patients with AIDS and much more *Psychotherapy with Gay Men and Lesbians* is an essential forum for the exchange of clinical information on gay and lesbian psychotherapy The book is a valuable resource for psychiatrists psychologists social work therapists psychoanalysts and anyone interested in today s psychoanalytic approaches to homosexuality

Gay is Not Good Frank M. Du Mas, 1979 *Treatment of Complicated Mourning* Therese A. Rando, Christine M. Nezu, 1993 Focuses specifically on complicated mourning often referred to as pathological unresolved or abnormal grief It provides caregivers with practical therapeutic strategies and specific interventions that are necessary when traditional grief counseling is insufficient The goal is to turn complicated into uncomplicated mourning

Psychology and the Challenges of Life Jeffrey S. Nevid, Spencer A. Rathus, 2007-01-09 This new edition of *Adjustment and Growth* illustrates how psychology provides the basis for meeting many of the challenges of contemporary life The text s integrated emphasis on

diversity promotes a more inclusive view of personal adjustment Coverage of diversity issues throughout provides reasons why psychologists study human diversity and relates those reasons to issues of personal adjustment *Psychosocial Dimensions of HIV and AIDS* Dennis John Haubrich, Donald Wilfred McLeod, 1988

Treating Emotional Disorder In Gay Men Introduction

In today's digital age, the availability of Treating Emotional Disorder In Gay Men books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Treating Emotional Disorder In Gay Men books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Treating Emotional Disorder In Gay Men books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Treating Emotional Disorder In Gay Men versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, Treating Emotional Disorder In Gay Men books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Treating Emotional Disorder In Gay Men books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Treating Emotional Disorder In Gay Men books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical

documents. In conclusion, Treating Emotional Disorder In Gay Men books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Treating Emotional Disorder In Gay Men books and manuals for download and embark on your journey of knowledge?

FAQs About Treating Emotional Disorder In Gay Men Books

What is a Treating Emotional Disorder In Gay Men PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Treating Emotional Disorder In Gay Men PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Treating Emotional Disorder In Gay Men PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Treating Emotional Disorder In Gay Men PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Treating Emotional Disorder In Gay Men PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out

forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
