Writing The World:

Writing the World Kelly Cherry, 1995 In a series of passionate profound often humorous observations Kelly Cherry explores the art of writing its relationship to place and its importance in our lives I have never written a travel essay Cherry says but her travels inform her poetry and fiction Now seeking to understand what it means to write from any particular place she charts a course in creative nonfiction prose From Cleveland to Yalta Wisconsin to Latvia England to the Arizona desert or the Philippines she writes as a way of knowing the world Along the way we become acquainted with the author herself whose parents were string quartet violinists They didn't go to church and caught up in a rehearsal sometimes forgot to put dinner on the table but there was always music in the house or the tenement flat Cherry recalls warmly the stories of her childhood I don't know whether or not there's a God her mother would say but I know there was a Beethoven and that's good enough for me And always there was writing As young writers do Cherry earned her living at a variety of jobs creating fictional histories of overseas orphans for their U.S. sponsors editing and writing religious textbooks a stint as a visiting professor in southwest Minnesota where in order to live in the dormitory the only housing practicable for someone without a car she had to enroll simultaneously as a student she took astronomy And in the evenings the mornings and other stolen moments she wrote as she does now to create beauty from a specific kind of knowledge the knowledge we acquire by creating beauty Cherry explores what it means to be a Southern writer and a woman writer and discusses the changing face of the profession of writing To be a writer in America is to be marginal she notes adding that perhaps the best place for a serious writer to reside is on the edge outside looking in You seek to know what it means to be living where you are and that search is for a writer a searching out of language That quest is for a writer a questioning For a writer beauty and knowledge begin in the same place With its brilliant insights and beautiful language *Writing the World* is an eloquent meditation on what it means to be a writer Like Annie Dillard's *The Writing Life* and Eudora Welty's *One Writer's Beginnings* Cherry's *Writing the World* will be a lasting inspiration for anyone who has ever dreamed of being a writer

SARAHU NEW 08 MACROCOSMS WONDERS OF THE WORLD AND THE NEW 07 WONDERS OF THE WORLD There is so much difference Because society has considered the wonders of The New Seven through online voting But before they are called the wonders of the world we are not simply called the wonders of the world to enjoy the beauty It is not an equal thing to make a mere appearance a present day wonder If it is to be called a wonder of the world its subject matter and material vastness must be serious And should be equally important The New Wonders of the World of Sarahu have taken on a similar significance and content The wonders of Sarahu alone are not the same as the look The material content within it is equally important There are so many beautiful things to see in the world There are material things that are natural and man made They are not called the world s greatest Because its material content must be important and profound

FAQ WHAT IS EQUALISM TO SARAHU 08 MACROCOSM WONDERS OF THE WORLD AND THE NEW 07 WONDERS OF THE WORLD Yes It is not possible to do equality This is because Sarahu has made his achievement alone for eight consecutive years He did not receive such favor There was no violence In front of the wonders of Sarahu lies the hand of one of the people But the wonders of the rest of the Seven New World are in the hands of thousands of people
