No prior knowledge of programming is assumed.

VBScript, WMI, and ADSI Unleashed Don Jones, 2007-05-24. If you're a Windows administrator, scripting expertise can liberate you from boring repetitive work so you can take on the sophisticated high value projects you really want. Top scripting guru Don Jones has written the definitive administrator's guide to getting results with Microsoft's key scripting technologies: VBScript, WMI and ADSI. Jones draws on his unsurpassed experience training Windows administrators in conferences, classes and from his enormously popular site ScriptingAnswers.com. You'll learn how to use VBScript, WMI and ADSI to gain administrative control over nearly every aspect of every recent Windows server or client including Windows Server 2003, Vista, XP, 2000 and NT. As you gain experience, Jones introduces more advanced techniques ranging from modular scripting and script encryption to integrating VBScript with HTML code. Jones concludes with a full section of ready to run real world examples from logon/logoff scripts to automated domain and network administration from querying WMI to creating Active Directory groups. Every script is explained line by line with challenging techniques described in even greater detail.

Local Area High Speed Networks Sidnie Feit, 2000. There is a great deal of change happening in the technology being used for local networks. As Web intranets have driven bandwidth needs through the ceiling, inexpensive Ethernet NICs and switches have come into the market. As a result, many network professionals are interested in evaluating these new technologies for implementation consideration. If you are looking for advice from experts who can help you realistically compare and decide how to use the options before you. Often books on this subject are too varied in subject matter attempting to cover too many subjects in the book. This book addresses the topic of Ethernet Networking from a planning perspective to a bit analysis of the Ethernet packets. It explains in detail information in the new network administrator would
