Catalogue of Printed Music in the Library of the Royal College of Music, London Royal College of Music (Great Britain), William Barclay Squire, 1909      Understanding Boccherini's Manuscripts Rudolf Rasch, 2014-04-11 The eight chapters of *Understanding Boccherini's Manuscripts* discuss various aspects of the study of the manuscript sources for the music of Luigi Boccherini 1743-1805 one of the foremost composers of the second half of the eighteenth century This book begins by outlining the various types that can be distinguished among the manuscripts written by the composer himself or by his copyists such as manuscripts for archival purposes for publishers and for patrons German Labrador continues with a discussion of the chronology of both Boccherini's works and their manuscript sources and Loukia Drosopoulou describes the musical handwriting that we find in the manuscripts under discussion Boccherini produced several catalogues of his works of which some are lost while others have been preserved Marco Mangani and Federica Rovelli review these documents The second half of this book addresses more specific topics Giulio Battelli pays attention to a recent addition to Boccherini's known oeuvre the *Laudate pueri* a very early work preserved in the library of the Istituto Musical in Lucca Rupert Ridgewell deals with the relations between Boccherini and the Viennese publishing house Artaria Matanya Ophee considers the sources for Boccherini's Guitar Quintets recently come available and finally Jaime Tortella comments upon some letters to the nineteenth century collector Julian Marshall one of them by Alfredo Boccherini a great grandson of the composer that shed light on the adventures of Boccherini's manuscripts in the nineteenth century Furthermore a common bibliography following all the chapters is supplied as are extensive indexes In addition to regular indexes of subjects and names indexes covering letters cited catalogues manuscript sources early editions and Boccherini's works are also provided As such this book is an altogether indispensable tool for everybody with a scholarly interest in the life and work of Luigi Boccherini and a splendid model for similar work on other composers      **Engaging Haydn** Mary Kathleen Hunter, Richard Will, 2012-07-12 Haydn is enjoying renewed appreciation this book explores fresh approaches to his music and the cultural forces affecting it

*Music In European Capitals* Daniel Heartz, 2003-05-27 A glittering cultural tour of Europe's major capitals during a period of intense musical change This volume continues the study of the eighteenth century begun in Haydn Mozart and the Viennese School 1740-1780 1995 by focusing on the capital cities other than Vienna that were most important in the creation and diffusion of new music It tells of events in Naples where Vinci and Pergolesi went beyond their pre-1720 models to cultivate opera in a simpler more direct manner soon after christened the galant style No less central was Venice where Vivaldi perfected the concerto on which were patterned the early symphonies and the newer kind of sonata Dresden profited

first from all these achievements and became under Hasse's direction the foremost center of Italian opera in Germany. Mannheim with its great orchestra did much to shape the modern symphony. A few years later Paris became paramount especially for its Opéra Comique during the 1770s the Opéra provided Gluck with a stage on which to cap his long international career. The book concludes with a description of Christian Bach in London, Paisiello in Saint Petersburg and Boccherini in Madrid. This long-awaited book offers a view of eighteenth-century music that is broad and innovative while remaining sensitive to the values of those times and places. One comes away from it with an understanding of the European context behind the triumphs of Haydn and Mozart. Lavishly illustrated with music examples and reproductions both in black and white and color, this master study will be of inestimable importance to scholars, cultural historians, performers, and all music lovers.
