**Stolen River** Chris Campbell, STOLEN RIVER is a story about life in rural mid America during the late 1950 s and 1960 s This is a time of optimism and prosperity in the industrial heartland and indeed across all of America World War II has established America as the supreme power in the world and the industrial mid west is a beneficiary At the same time the seeds of the Vietnam War are being sown by the continuation of policies begun in the Eisenhower administration and embellished by John F Kennedy Brian Hunter is the unwitting victim of his family s and America s confusion about the war As a result he is confused about his own feelings and responsibilities Brian is a bright if listless youth and teenager during this period He is first devastated by the loss of his younger brother Eric for which he feels partly responsible Then his world is shattered by poor decisions that could make him an outlaw even as the American dream is placed in peril by the specter of Vietnam The story though quite different in all respects is written with the timbre of THE YEARLING and the lyricism of A RIVER RUNS THROUGH IT *The Stolen River* Paul J.
