Carter**, 1984 *Federal Yellow Book*, 2008 **The Red Chip Review**, 1997-08 **Cultural Strategies of Agenda Denial** Roger W. Cobb, Marc Howard Ross, 1997 This is the first book devoted to examining why some issues proposed by aggrieved individuals or groups are denied access to policy agendas The book contains case studies that look at the policy process from the perspective of the strategies opponents often use to ensure agenda denial strategies usually motivated by perceived threats to widely held world views and identities *Food, Drug, Cosmetic Law Reporter*, 1963 California. Central African Journal of Medicine, 1999 **Regulation**, 1996 **Stand!** Wilkerson, 2000 California. Court of Appeal (4th Appellate District). Division 3. Records and Briefs California (State)., Consolidated Case s G011111 Number of Exhibits 6 **Quacks and Crusaders** Eric S. Juhnke, 2002 One promoted goat gland transplants as a remedy for lost virility or infertility Another blamed aluminum cooking utensils for causing cancer The third was targeted by the Food and Drug Administration as public enemy number one for his worthless cures John Brinkley Norman Baker and Harry Hoxsey were the ultimate snake oil salesmen of the twentieth century With backgrounds in lowbrow performance carnivals vaudeville night clubs each of these charismatic con men used the emerging power of radio to hawk alternative cures in the Midwest beginning in the roaring twenties through the Depression era and into the 1950s All scorned the medical establishment for avarice while amassing considerable fortunes of their own and although the American Medical Association castigated them for preying on the ignorant this book shows that the case against them wasn't all that simple **Quacks and Crusaders** is an entertaining and revealing look at the connections between fraudulent medicine and populist rhetoric in middle America Eric Juhnke examines the careers of these three personalities to paint a vision of medicine that championed average Americans denounced elitism and affirmed rustic values All appealed to the common man winning audiences and patrons in rural America by casting their pitches in everyday language and their messages proved more potent than their medicines in treating the fears insecurities and failing health of their numerous supporters Juhnke first examines the career of each man revealing their geniuses as businessmen and propagandists with such success that Brinkley and Baker ran for governor of their states and Hoxsey had thousands of supporters protest his persecution by the FDA Juhnke then investigates the identity motives and willingness to believe of their many patients and followers He shows how all three men used populist rhetoric evangelical anti Communist anti intellectual to attract their clients and then how their particular brand of populism sometimes mutated to anti Semitism and other sentiments of the radical right By treating the incurable Brinkley Baker and Hoxsey took on the mantles of common folk crusaders Brinkley was idolized for his goat gland cures until his death and

Hoxsey s former head nurse continued his work from Tijuana until her death in 1999 In considering who visits quacks and why Juhnke has shed new light not only on the ongoing battle between alternative and organized medicine but also on the persistence of quackery and gullibility in American culture **Food and Drug Report** ,1993 *Food and Drug Law Journal* ,1999 **Economic and Political Weekly** ,1994 **Encyclopedia of Ethical, Legal, and Policy Issues in Biotechnology** Thomas H.
