wanting more God's story is like this a captivating epic that stretches from the beginning of time across our lives and into the future calling us to find ourselves in it We can help students to be captured by this amazing story rather than seeing the Bible as confusing boring or irrelevant After ten years in youth ministry Michael Novelli felt like he had tried everything to help his students connect with the Bible Then a missionary introduced him to a unique ancient way to engage people with the Bible through story Michael learned the art of Storying a sequential telling of Bible stories followed by a time of creative retelling and in depth dialogue God used this process to completely transform his youth group as they found themselves experiencing God in a whole new way Take a journey into the amazing process of Storying and discover how it can change your life and ministry This new approach to learning builds a lasting theological foundation while challenging students to discover their unique identity and calling in God's story Shaped by the Story helps you understand why Storying connects with students today and provides all you need to introduce Storying to your group including sample narratives and an interactive training DVD

Using Story to Enrich Learning and Teaching Jennifer A. Moon, 2010-06-28 Story is everywhere in human lives and cultures and it features strongly in the processes of teaching and learning Story can be called narrative case study critical incident life history anecdote scenario illustration or example creative writing storytelling it is a unit of communication it is in the products of the media industries in therapy and in our daily acts of reflecting Stories are told in many ways they are spoken written filmed mimed or acted presented as cartoons and in new media formats and through all these they are associated with both teaching and learning processes but in different ways and at different levels As a result of growing interest and simultaneous confusion about story it is timely to untangle the various meanings of story so that we can draw out and extend its value and use Using Story aims to clarify what we mean by story to seek out where story occurs in education and life and to explore the processes by which we learn from story In this way the book intends to bring story into the open and improve its use Building on her wealth of experience in the field Jenny Moon explores the theory of story and demonstrates both its current uses and new ways in which to enrich and enliven teaching learning and research processes Ideal for anyone involved in education personal or professional development or with a more general interest in story the book begins by considering the range of what is meant by story and then considers the theory behind the meanings In the large final part of the book Jenny provides a rich patchwork of different uses of story in education that cut across forms of story story activities disciplines and applications all of which will aid the use of story
