[Cruising World](#) , 2008-07 **The Capable Cruiser** Lin and Larry Pardey, 2010-06-08 Lin and Larry Pardey have now been cruising on board their own boats racing delivering and repairing other people s boats for more than 44 years After west to east and east to west circumnavigations and voyages to more than 75 countries they have a breadth of knowledge that few other boating authors possess Most of the voyaging has been done on an earn as you go budget that could be well within the reach of the majority of those whose dream is to set sail Their motto Go small go simple but go now The Pardeys strengths are neatly symbolized by the boats they have built Each one is romantically traditional with swooping sheerlines and is completely dependent on the wind And yet each boat carries the best strongest and most seamanlike gear Like their vessels the Pardeys writings are founded on a marriage of the spirit of romantic adventure and the practical up to date seamanship that keeps them and their boats safe This revised and expanded third edition of a cruising classic includes 10 completely new chapters with such advice as sixteen ways to encourage your lover partner to share your dream strategies for turning sudden engine failure into a minor incident choosing safety equipment repairing rigging at sea All of the original chapters have been updated to ensure that the information will be helpful for everyone who dreams of cruising whether now or soon The Capable Cruiser is a logical extension of the Pardeys The Self Sufficient Sailor with more emphasis on seamanship underway including careful analysis of extreme anchoring situations and solutions for mitigating them Underlying each and every chapter is the warmth and encouragement that spurred Herb McCormick former editor of [Cruising World](#) magazine to label Lin and Larry Pardey the enablers [War crimes and politics of terror in Chechnya 1994-2004](#) Laurence Binet, 2016-06-02 The War crimes and politics of terror in Chechnya 1994 2004 case study describes the constraints questions and dilemmas experienced by MSF while speaking out during the two Russian Chechen wars and the following years of normalization Was speaking out the right thing to do with regard to Russia a power with a veto at the UN Security Council and a tradition of propaganda control of the public arena Was it realistic to rely on raising the awareness of other UN member states via their public s opinion In a context of terror when dealing with a regime in denial of the reality of

a conflict was it useful and was it up to MSF to call for having this situation qualified as war Should MSF take into account the possibility of a casual link between instances of its public speaking out and the security incidents involving its staff When one of its staff members was taken hostage should MSF speak out in the media to create visibility that affords him her some protection or conversely remain as discrete as possible so as to avoid a rise in his her market value Should MSF publically point out responsibilities negligence or even complicity of the government on which soil the kidnapping had occurred thereby taking active steps to secure the hostage s release or should it refrain from such a discourse so as to avoid the opposite effect Should MSF continue to publically denounce the violence inflicted on people in the region at the risk of radicalising those parties to the conflict responsible for the kidnapping and place the hostage s life in danger **The Woodenboat** ,2003

**The Royal Nepal Army** Ashok K. Mehta,2005

Very little is known about Nepal except for its beautiful mountains Still less is known about its people their poverty and underdevelopment and its fallout the Maoist uprising Even less has been heard about the Royal Nepal Army RNA till the Maoists pulled it out from its barracks Reluctantly RNA transformed from a ceremonial mainly UN peacekeeping Force into a field army struggling to find the will and wherewithal to meet the challenge posted by the Maoists The RNA is the creation of the feudal Rana and Shah rulers to whom it swears allegiance After the February 1 2005 Royal coup the King has placed center stage the RNA the symbol of his moral political and divine powers all rolled into one The Maoist war is about rolling back the feudal order establishing a multiparty democratic republic with a reformed RNA under civilian control The challenge for the RNA is in containing regaining eighty percent of land under Maoist control and winning back the people

swayed by the Maoist cause With democratic institutions snuffed out this is a tall order The Maoists are unlikely to take Katmandu because their power to intimidate and terrorize is far greater than their finite military capacity In the ongoing war a stalemate has not been reached This book tells you not only the story of the Maoist uprising but also for the first time why the RNA was not used sooner to counter the Maoists
