Flags Joby Warrick,2016-09-06 WINNER OF THE PULITZER PRIZE In a thrilling dramatic narrative the award winning reporter traces how the strain of militant Islam behind ISIS first arose in a remote Jordanian prison and spread with the unwitting aid of two American presidents Gripping For readers interested in the roots of the Islamic State and the evil genius of its godfather there is no better book to begin with than Black Flags Michiko Kakutani The New York Times Drawing on unique high level access to CIA and Jordanian sources Warrick weaves gripping moment by moment operational details with the perspectives of diplomats and spies generals and heads of state many of whom foresaw a menace worse than al Qaeda and tried desperately to stop it Black Flags is a brilliant and definitive history that reveals the long arc of today s most dangerous extremist threat **The Rise and Fall of ISIS** Willem Th. Oosterveld,Willem Bloem,Nicholas Farnham,Barin

Kayaoğlu,Tim Sweijs,2017-02-20 Appearing seemingly out of nowhere over the course of 2013 14 the Islamic State or Daesh captured the attention of international audiences through widely broadcast acts of barbarity followed by the proclamation of its own state and upending state borders in the process The rise of the terror organization has prompted many questions where did it originate from How has it been able to establish itself so quickly Can it actually persist Can it be defeated The aim of this year s study entitled The Rise and Fall of ISIS from Evitability to Inevitability is to understand the organization its motivations its inherent weaknesses as well as its ability to endure A broader aim is to set out how it could develop as it comes under ever more pressure by regional powers and in the case of its defeat how to prevent the arrival of the next ISIS A key message of this chapter is that ISIS is a child of its time and is not destined to persist Its professed millenarian or eschatological bent is meant to cast the conflict between the Caliphate and the rest of the world as a cosmic battle but in reality is largely of instrumental value Also while its rise could have been prevented its fall looks all but inevitable even if it remains unclear what will replace it This study is part of the 2016 2017 HCSS StratMon **A Theory of ISIS**

Mohammad-Mahmoud Ould Mohamedou,2017-11-20 The Islamic State of Iraq and Syria has been the subject of intense

scrutiny in the West Considered by many to be the most dangerous terrorist organisation in the world it has become shrouded in numerous myths and narratives many emanating from the US which often fail to grasp its true nature Against these narratives Mohammad Mahmoud Ould Mohamedou presents a bold new theory of ISIS By tracing its genealogy and documenting its evolution in Iraq and Syria he argues that ISIS has transcended Osama Bin Laden s original project of Al Qaeda mutating into an unprecedented hybrid form that distils postcolonial violence postmodernity and the emerging post globalisation international order This book analyses ISIS from a social sciences perspective and unpacks its dynamics by looking beyond superficial questions such as its terrorist nature and religious rhetoric It transforms our understanding of ISIS and its profound impact on the very nature of contemporary political violence *ISIS* Katie Marsico,2015-12-15 *ISIS* covers the history of the terrorist organization and what it stands for how its leaders recruit more followers and the importance of understanding the threat this organization poses for the rest of the world Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO *ISIS* Michael Weiss,Hassan Hassan,2016-03-29 Hardcover edition has a map on the endpapers *ISIS* Jessica Stern,J. M. Berger,2015-03-17 Two leading experts in terrorism provide smart granular analysis of the group s brutally effective strategy tactics and ideology Washington Post The Islamic State known as ISIS exploded into the public eye in 2014 capturing the imagination of the global jihadist movement and attracting recruits in unprecedented numbers It also exhibited a level of sadistic violence and destruction that has alienated even the hardcore terrorists of its parent organization al Qaeda In *ISIS The State of Terror* Jessica Stern and J M Berger trace the ideological innovations that the group deploys to recruit unprecedented numbers of Westerners the composition of its infamous snuff videos and the technological tools it exploits on social media to broadcast its atrocities They also examine ISIS s predatory abuse of women and children and its use of horror to manipulate world leaders and its own adherents as it builds its twisted society The authors conclude with a much needed perspective on how world leaders should respond to ISIS s insidious provocations **State of Terror** The Washington Post,2015-11-22 A collection of articles on how ISIS took over a region the size of the UK sparked a humanitarian crisis and developed into a global threat With coordinated attacks in Paris and the downing of a Russian passenger plane the Islamic State ISIS declared war on the wider world galvanizing new calls for an intensified global response The Washington Post spent a year tracking the political and military spread of ISIS investigating its roots and chronicling what life is really like for the people under its rule Kevin Sullivan a senior correspondent for the paper conducted a series of interviews often in secret with people who have fled the Caliphate Other correspondents including Souad Mekhennet and Loveday Morris spoke with those still inside What they discovered is that while world leaders watched the Islamic State instituted a brutal tiered society in which the faithful are given control in which women are in constant danger and wherein dissent is met with swift and deadly retribution This is the inside story of how ISIS combined the bloodiest aspects of religion terrorism and statehood and

became a global threat **ISIS** Brendan January,2017-08-01 The Islamic State in Iraq and Syria or ISIS emerged in the Middle East during the first decade of the 2000s The group vows to wage violent jihad or holy war on those who do not adhere to its extremist interpretation of Islamic law ISIS conquers territory and rules savagely ISIS terrorists manipulate social media brilliantly shocking viewers around the globe with brutal video footage Government leaders and agencies all over the world are working to prevent the next ISIS attack How can nations combat ISIS Can it be defeated with military force This in depth investigation tackles these and other thorny issues related to the twenty first century face of global terrorism Rise of ISIS Jay Sekulow,2015-06-16 New and expanded includes 4 new chapters Cover *ISIS* Michael Weiss,Hassan Hassan,2015-01-29 A revelatory look inside the world s most dangerous terrorist group Initially dismissed by US President Barack Obama along with other fledgling terrorist groups as a jayvee squad compared to al Qaeda the Islamic State of Iraq and Syria ISIS has shocked the world by conquering massive territories in both countries and promising to create a vast new Muslim caliphate that observes the strict dictates of Sharia law In *ISIS Inside the Army of Terror* American journalist Michael Weiss and Syrian analyst Hassan Hassan explain how these violent extremists evolved from a nearly defeated Iraqi insurgent group into a jihadi army of international volunteers who behead Western hostages in slickly produced videos and have conquered territory equal to the size of Great Britain Beginning with the early days of Abu Musab al Zarqawi the founder of ISIS s first incarnation as al Qaeda in Iraq Weiss and Hassan explain who the key players are from their elusive leader Abu Bakr al Baghdadi to the former Saddam Baathists in their ranks where they come from how the movement has attracted both local and global support and where their financing comes from Political and military maneuvering by the United States Iraq Iran and Syria have all fueled ISIS s astonishing and explosive expansion Drawing on original interviews with former US military officials and current ISIS fighters the authors also reveal the internecine struggles within the movement itself as well as ISIS s bloody hatred of Shiite Muslims which is generating another sectarian war in the region Just like the one the US thought it had stopped in 2011 in Iraq Past is prologue and America s legacy in the Middle East is sowing a new generation of terror ISIS Brian L. Steed,2016-06-20 Providing up to date information for general readers as well as those well informed about the Islamic State this book offers an essential understanding of the rise of ISIS and its current influence in the Middle East as well as worldwide ISIS also referred to as ISIL the Islamic State or Daesh began to assert its power and gain recognition for its militant and terroristic activities in April 2013 After the coordinated attacks in Paris on November 13th 2015 ISIS has captured the full attention of observers in the West This accessible book explains what ISIS is what the group s goals are what their members believe and why their ranks are growing Readers will gain an understanding of how ISIS is a unique group one seeking to be the army of the righteous fighting to defeat the unbelievers and usher in the end of days but that the extremist views of ISIS are an expression of a growing frustration with life in the Middle East and elsewhere shared by a larger community of non state and post state

actors The book provides an introduction that documents the origins of ISIS within the larger Al Qaeda organization during the Iraq War The following chapters discuss the origins development and territorial expansion of ISIS in Syria and Iraq and examine the ideological motivations behind the emergence of ISIS thereby enabling a nuanced understanding of the importance of ISIS in contemporary history Other entries discuss individuals events and organizations that put ISIS in historical context in terms of contemporary events since the Iraq War into the present and explain the group s position within the complex conflict currently boiling in the Middle East
