Mertens, Micki M. Caskey, 2018-03-29 This volume covers the 8 areas identified by the Middle Level Education Research Special Interest Group to guide middle grades education research They are young adolescent development cultural responsiveness special populations educator development curriculum social and emotional learning digital technologies and school structures [International Handbook of Middle Level Education Theory, Research, and Policy](#) David C. Virtue, 2019-08-30 The International Handbook of Middle Level Education Theory Research and Policy is a landmark resource for researchers graduate students policy makers and practitioners who work in middle level education and associated fields of study The volume provides an overview of the current state of middle level education theory research and policy offers analysis and critique of the extant literature in the field and maps new directions for research and theory development in middle level education The handbook meets a pressing need in the field for a resource that is comprehensive in its treatment of middle level research and international in scope Chapter authors provide rationales for middle level education research and definitions of the field discuss philosophical approaches and underpinnings for middle level education research describe and critique frameworks for quality in middle level education review research about young adolescent learners middle level school programming and educator preparation and analyze public policies affecting middle level education at national regional and local levels **The Ecology of Purposeful Living Across the Lifespan** Anthony L. Burrow, Patrick L. Hill, 2020-08-19 This book explores what it means to live a purposeful life and outlines the benefits associated with purpose across different life domains It also demonstrates that purpose in life is not reducible to constructs such as happiness well being or identity development The importance of having a sense of purpose in life is attracting renewed attention in both scientific and social arenas Mounting evidence from intricately designed experiments and large scale studies reveals how pursuing a purpose can make a person happier healthier and even lengthen their lifespan However existing texts on purpose have said little on why having has these effects how it may influence our ability to navigate diverse environments or how best to consider the construct from a multidisciplinary approach that moves beyond psychology Recognizing this gap in the literature this book provides multidisciplinary perspectives on the topic of purpose and examines what we can do as researchers interventionists and society as a whole to imbue purposefulness in the lives of people across the lifespan It includes contributions from key figures on topics such as identity health youth programs
