(The Reith Lectures 1961.).** Margery Freda Perham,1961 *The colonial reckoning* Dame Margery Freda Perham,1961 The colonial reckoning Margery Perham,1963 **The Colonial Reckoning. The Reith Lectures: 1961. Revised and Expanded** Margery Perham,1963 *The Colonial Reckoning... Rev. and Expanded* Margery Freda Perham,1963 **The Colonial Reckoning** Dame Margery Freda Perham,1963 Margery Perham and British Rule in Africa Alison Smith,Mary Bull,1991 Margery Perham was an outstanding influence on official and academic thinking on British Colonial rule and decolonization in Africa during the middle part of the century The book traces how the Second World War transformed her view of colonial rule and of the rate at which it would have to be relinquished *Erased* Patricia Owens,2025-01-21 How a field built on the intellectual labor and expertise of women erased them The academic field of international relations presents its own history as largely a project of elite white men And yet women played a prominent role in the creation of this new cross disciplinary field In *Erased* Patricia Owens shows that since its beginnings in the early twentieth century international relations relied on the intellectual labour of women and their expertise on such subjects as empire and colonial

administration anticolonial organising non Western powers and international organisations Indeed women were among the leading international thinkers of the era shaping the development of the field as scholars journalists and public intellectuals and as heterosexual spouses and intimate same sex partners Drawing on a wide range of archival sources and weaving together personal institutional and intellectual narratives Owens documents key moments and locations in the effort to forge international relations as a separate academic discipline in Britain She finds that women s ideas and influence were first marginalised and later devalued ignored and erased Examining the roles played by some of the most important women thinkers in the field including Margery Perham Merze Tate Eileen Power Margaret Cleve Coral Bell and Susan Strange Owens traces the intellectual and institutional legacies of misogyny and racism She argues that the creation of international relations was a highly gendered and racialised project that failed to understand plurality on a worldwide scale Acknowledging this intellectual failure and recovering the history of women in the field points to possible sources for its renewal

*The Truth About Empire* Alan Lester,2024-06-27 The Truth About Empire comes from expert historians who believe that the truth as far as we can ascertain it matters that our decades of painstaking research make us worth listening to and that our authority as leading professionals should count for something in today s polarised debates over Britain s imperial past Colonial history is now a battlefield in the culture war The public s understanding of past events is continually distorted by wilful caricatures Communities that long struggled to get their voices heard have in their fight to highlight the hidden horrors of colonialism alienated many who prefer a celebratory national history The backlash orchestrated by elements of the media has generated a new concerted denial of imperial racism and violence in Britain s past a disinformation campaign sharing both tactics and motivations with those around Covid Brexit and climate change From Australia and China to South Africa and Egypt this essay collection is an accessible guide to the British Empire and a weapon of defence against the assault on historical truth The disturbing stories told in these pages of Empire s culture politics and economics show why professional research matters when deciding what can and cannot be known about Britain s colonial history
