The Kremlin Contract James Barwick,1987      **The Kremlin Contract** James Barwick,Donald James,1987      **The Kremlin Contract** N. C. Weyl,1989-05-01 For the new President of the United States the secret summit to negotiate the end of world terrorism was the fulfillment of a dream But for the KGB it could destroy five years of planned disasters throughout the Third World There was only one way to prevent the summit kill the Chief Executive      Rebel Russia Anna Arutunyan,2025-05-14 Navalny Lenin Pugachev The Russian rebel in his epic battle against the Leviathan of the Russian state has enthralled readers and writers for decades The rebel s story is almost always a sad one that ends in exile imprisonment or martyrdom leaving but a seed for the future reform of the Leviathan which he or she had taken on Why do revolts from the Decembrist uprising to the Snow Revolution that brought Alexei Navalny to the forefront of contemporary Russian politics seem to end up failing or producing an even worse form of despotism In reality the brave words and deeds of dissidents have shaped the course of Russian history more often than we might think Through the stories of prominent rebels from the time of Ivan the Terrible to the present day as well as her own experiences reporting on her country s descent into authoritarianism Russian American journalist Anna Arutunyan explores how the rebel and the Tsar defined each other through a centuries long dance of dissent and repression These characters and their lives not only reveal the true nature of the Russian state they also offer hope for a future Russian democracy      **Kremlin Contract** Outlet,Outlet Book Company Staff,Random House Value Publishing Staff,1988-12-01      Russia Before and After Crimea Helge Blakkisrud,Pal Kolsto,2017-12-04 Russia s annexation of Crimea in 2014 marked a watershed in post Cold War European history and brought East West relations to a low At the same time by selling this fateful action in starkly nationalist language the Putin regime achieved record high popularity This book shows how after the large scale 2011 2013 anti Putin demonstrations in major Russian cities and the parallel rise in xenophobia related to the Kremlin s perceived inability to deal with the influx of Central Asian labour migrants the annexation of Crimea generated strong rallying around the nation and rallying around the leader effects The contributors to this collection go beyond the news headlines to focus on overlooked aspects of Russian society such as intellectual racism and growing xenophobia These developments are contextualised with an overview of Russian nationalism state led grassroots and the tensions between the two      *India and the Global Game of Gas Pipelines* Gulshan Dietl,2016-11-03 Cover Title Copyright Contents List of figures Abbreviations Introduction Part 1 Resource and routes 1 Natural gas geology geography and markets 2 Gas pipeline commodity container and carrier Part II The gas troika 3 Iran gas pipelines under after sanctions 4 Russia an energy superpower 5 Turkmenistan pawn and player in the game of chess Part III The home truths 6 India not a single transnational pipeline yet Conclusions legacy leads and lessons Bibliography Index      **The International Economic Crisis and the Post-Soviet States** Valentina Feklyunina,Stephen White,2014-06-11 At first it seemed as if the international financial crisis that broke out in 2008 would have little effect in

Russia and the other post Soviet states But by the end of the year growth was slowing banks were reluctant to lend share values had collapsed and unemployment was rising inexorably The stability of the Putin leadership it appeared had been built on the turnaround in economic performance that it had managed to achieve over more than a decade How would it cope with a sudden reversal In Ukraine living standards fell even more sharply In Belarus there were fewer obvious signs of economic difficulty but it could hardly be unaffected by the performance of its major trading partners Drawing on a wide range of evidence an international group of scholars address the impact of the international financial crisis in the post Soviet states and the continuing implications of the crisis for these countries themselves and for the wider world This book was published as a special issue of the Journal of Communist Studies and Transition Politics now known as East European Politics

**Russia--lost in Transition** Lilia Shevtsova, 2007 Russian history is first and foremost a history of personalized power As Russia startles the international community with its assertiveness and faces both parliamentary and presidential elections Lilia Shevtsova searches the histories of the Yeltsin and Putin regimes She explores within them conventional truths and myths about Russia paradoxes of Russian political development and Russia's role in the world Russia Lost in Transition discovers a logic of government in Russia a political regime and the type of capitalism that were formulated during the Yeltsin and Putin presidencies and will continue to dominate Russia's trajectory in the near term Looking forward as well as back Shevtsova speculates about the upcoming elections as well as the self-perpetuating system in place the legacies of Yeltsin and Putin and how it will dictate the immediate political future She also explores several scenarios for Russia's future over the next decade

**The New Russia**, 1920 This publication includes the continuation of Bulletins of the Russian liberation committee under the heading Facts and documents

**The Russia Conundrum** Mikhail Khodorkovsky, 2022-10-04 An urgent analysis of the battle between Russia and the West and an exposé of Putin's Russia by a former Kremlin insider I'm a fairly calm fellow I don't usually get wound up about things But I was let's say concerned when I tuned into the Moscow Echo radio station and heard that the Kremlin had put a price on my head The announcement didn't quite say dead or alive But it came close Mikhail Khodorkovsky March 2021 Mikhail Khodorkovsky has seen behind the mask of Vladimir Putin Once an oil tycoon and the richest man in Russia Khodorkovsky spoke out against the corruption of Putin's regime and was punished by the Kremlin stripped of his entire wealth and jailed for over ten years Now freed working as a pro-democracy campaigner in enforced exile Khodorkovsky brings us the insider's battle to save his country's soul Offering an urgent analysis of what has gone wrong with Putin The Russia Conundrum maps the country's rise and fall against Khodorkovsky's own journey from Soviet youth to international oil executive powerful insider to political dissident and now a high profile voice seeking to reconcile East and West With unparalleled insight written with Sunday Times bestselling author Martin Sixsmith The Russia Conundrum exposes the desires and damning truths of Putin's mafia clan and provides an answer to the West on how it must challenge the Kremlin in order to pave the way for a better future

*Russia and the New World*

*Disorder* Bobo Lo, 2015-08-17 The Russian annexation of Crimea was one of the great strategic shocks of the past twenty five years For many in the West Moscow s actions in early 2014 marked the end of illusions about cooperation and the return to geopolitical and ideological confrontation Russia for so long a peripheral presence had become the central actor in a new global drama In this groundbreaking book renowned scholar Bobo Lo analyzes the broader context of the crisis by examining the interplay between Russian foreign policy and an increasingly anarchic international environment He argues that Moscow s approach to regional and global affairs reflects the tension between two very different worlds the perceptual and the actual The Kremlin highlights the decline of the West a resurgent Russia and the emergence of a new multipolar order But this idealized view is contradicted by a world disorder that challenges core assumptions about the dominance of great powers and the utility of military might Its lesson is that only those states that embrace change will prosper in the twenty first century A Russia able to redefine itself as a modern power would exert a critical influence in many areas of international politics But a Russia that rests on an outdated sense of entitlement may end up instead as one of the principal casualties of global transformation
