The Christopher Hewett Collection, 1987 **The Christopher Hewett Collection** Ashmolean Museum, 1987 The Christopher Hewett Collection Ashmolean Museum, 1987 By Nicholas Penny with catalogue entries compiled by Andrea Bradley Jean Lodge Eunice Martin and Walter J Strachan **The Christopher Hewett Collection**, 1987 **Christopher Hewett**, *Collections of the State Historical Society of Wisconsin* State Historical Society of Wisconsin, 1888 After 1855 the society's annual reports were included in its Proceedings Collections of the State Historical Society of Wisconsin, 1872 Collections - State Historical Society of Wisconsin State Historical Society of Wisconsin, 1888 Vol 1 includes a memoir of Dr Draper and the early records of the Society 1849-54 Report and Collections of the State Historical Society of Wisconsin, for the Years ... State Historical Society of Wisconsin, 1888 **Annual Report and Collections ...** State Historical Society of Wisconsin, 1888 *French Livres D'artiste in Oxford University Collections* Bodleian Library, 1996 Provides an overview of the Livres d'Artiste of the Ecole de Paris from Bonnard 1900 to Mallarmé's *Un Coup de jamais n'abolira le hasard* illustrated by Christianne Vielle Annual Report and Collections, 1915 **Index to Volumes I-XX of the Wisconsin Historical Collections**, 1915 *Broadway Musicals, 1943-2004* John Stewart, 2012-11-22 On March 31 1943 the musical *Oklahoma* premiered and the modern era of the Broadway musical was born Since that time the theatres of Broadway have staged hundreds of musicals some more noteworthy than others but all in their own way a part of American theatre history With more than 750 entries this comprehensive reference work provides information on every musical produced on Broadway since *Oklahoma*'s 1943 debut Each entry begins with a brief synopsis of the show followed by a three part history first the pre Broadway story of the show including out of town try outs and Broadway previews next the Broadway run itself with dates theatres and cast and crew including replacements chorus and understudies songs gossip and notes on reviews and awards and finally post Broadway information with a detailed list of later notable productions along with important reviews and awards *Budget 2011 and environmental taxes* Great Britain: Parliament: House of Commons: Environmental Audit Committee, 2011-07-07 The Environmental Audit Committee claims the Treasury has undermined public trust in green taxes by appearing to use them as a revenue raising tool rather than a serious attempt to change environmentally damaging behaviour The MPs single out two recent tax changes for particular criticism cutting a penny off Fuel Duty while providing no new incentives to switch to lower carbon alternatives and proposed changes to Air Passenger Duty will do nothing to reduce emissions or make it a more effective environmental tax The Treasury needs to adopt a coherent strategy for environmental taxation setting out its objectives and rationale the basis on which rates are set and how their impact will be evaluated With green taxes there is a strong case for ring fencing some of the revenues for investment in green alternatives for instance using fuel duty to reduce public transport fares in order to build trust and support for environmental taxes Environmental taxes need to be straightforward so that taxpayers understand the behavioural change

signal being sent In practice their growing complexity means that many businesses are unaware of the cumulative impact of the environmental taxes affecting them They must also be seen as fair so that political support can be built for environmental taxation Also the Plan for Growth published alongside the Budget does not provide the much needed step change to aid the transition to a low carbon economy The Government should demonstrate greater commitment to putting the green economy at the heart of growth plans *The Book Collector* ,1998 *Kelly's Handbook to the Titled, Landed & Official Classes* ,1901

Climate change and the Stern Review Great Britain: Parliament: House of Commons: Treasury Committee,2008-02-05 Climate change is one of the biggest challenges facing the world today and requires an urgent response from Government industry and the individual This inquiry was triggered by the publication of the Stern Review on The Economics of Climate Change 2006 ISBN 9780102944204 which stressed the need to stabilise carbon emissions sooner rather than later and warned of potentially catastrophic impacts if that was not achieved The Review framed the climate change debate in terms of economic choices and considered the use of economic tools such as environmental taxation and permit trading schemes as economically efficient mechanisms for cutting emissions This Report recommends that the Government give primary consideration to the use of economic tools in combating climate change The Treasury s policies and action in this regard were the main focus of the inquiry The report looks at work on this topic by the Treasury and other select committees It then assesses the economics of the Stern Review and examines the Government s approach to reducing emissions Further sections cover emissions trading schemes environmental taxes and adaptation designed to counter the negative impacts caused by time lags in global and local ecosystems The Committee calls for a twin track approach involving both adaptation and mitigation **The Ashmolean Museum** Colin Harrison,Jon Whiteley,2004 For the first time ever all paintings in the Department of Western Art in the Ashmolean Museum have been brought together in one volume Every picture is illustrated and almost all are represented in colour Biographies of all known artists in the collection are also included making this catalogue an invaluable reference work for specialist libraries collectors and general readers alike **Country Life Illustrated** ,1987
