The Code Of The Warrior

William R. Wheeler

The Code Of The Warrior:

The Code of the Warrior Shannon E. French, 2003-03-12 Warrior cultures throughout history have developed unique codes that restrict their behavior and set them apart from the rest of society But what possible reason could a warrior have for accepting such restraints Why should those whose profession can force them into hellish kill or be killed conditions care about such lofty concepts as honor courage nobility duty and sacrifice And why should it matter so much to the warriors themselves that they be something more than mere murderers The Code of the Warrior tackles these timely issues and takes the reader on a tour of warrior cultures and their values from the ancient Greeks and Romans to the barbaric Vikings and Celts from legendary chivalric knights to Native American tribesmen from Chinese warrior monks pursuing enlightenment to Japanese samurai practicing death Drawing these rich traditions up to the present the author quests for a code for the warriors of today as they do battle in asymmetric conflicts against unconventional forces and the scourge of global terrorism

The Code of the Warrior Shannon E. French, 2005 Why do warriors fight What is worth dying for How should a warrior define words like nobility honor courage or sacrifice What are the duties and obligations of a warrior and to whom are they owed What should bring a warrior honor or shame These and other questions are considered in Shannon French's *The Code of the Warrior* a book that explores eight warrior codes from around the globe spanning such traditions as the Homeric Roman and Samurai cultures through to the present day culminating in a thoughtful analysis of a timely question Are
