

A photograph of a cable-stayed bridge at sunset. The bridge's dark structure is silhouetted against a bright, orange and yellow sky. The sun is low on the horizon, creating a strong reflection on the water below. The bridge's cables fan out from a tall pylon on the left. A dark rectangular box with white text is centered in the upper half of the image.

She shrugs. She knows a confrontation is coming now, and she can do nothing to stop it. It's moving towards her already from every direction, and there's no special move she can make, no evasive gesture, that can help her escape it.

Edwin Brown Graham,1883 **The World and the Word** Nongenile M. Zenani,1992-10-01 A master storyteller of the Xhosa people of South Africa Nongenile Masithathu Zenani gives us an unprecedented view of an oral society from within Twenty four of her complex and beautiful tales about birth puberty marriage and work as told to the renowned collector of African oral tradition Harold Scheub are gathered here Accompanying the stories are Zenani's detailed commentaries and analyses and Scheub's striking photographs of her in performance The combination of these historical and cultural observations with a richly symbolic collection of tales from a single traditional storyteller make *The World and the Word* a remarkable document The storyteller's materials are simple Zenani told Scheub the world and the word She presents to us the entire world of the Xhosa people how they first came to be the origins of their customs how they order their world and deal with transgressors how they manage all of life's transitions from birth to death She depicts both the world as it exists

and as it is shaped in the words of the storyteller Inheriting tales from the Xhosa tradition Zenani has transformed them into imaginative new stories marked by her own artistry Scheub's introduction to *The World and the Word* discusses Xhosa oral tradition and Zenani's particular characteristics as an artist within that tradition Zenani's personal history and her work as both a storyteller and a healer and Scheub's friendship with her and his role in recording her legacy

Counselling Skills for Health Professionals Philip Burnard, Jo Campling, 2013-11-11 This is the second edition of a book that I hope continues to be of practical value For counselling must always be that practical No amount of talking on its own can really make a difference if people do not end up doing something as a result of counselling The practical thread remains an important one throughout this edition *Counselling Skills for Health Professionals* is not just a how to do it book people are probably too complicated for that approach to be of much use Counselling is never simply a matter of learning a range of skills which you then apply in a range of settings In the end counselling is about facing the person in front of you listening to them carefully and then supporting them as they work through their problems For many problems there are no easy answers and counselling doesn't offer any quick fixes It is essentially a supportive process There are many things it cannot do It cannot change certain social and political situations It cannot cure diseases On the other hand what it can do is offer people more hope Often just the fact that there is someone who is prepared to hear your story and to listen to you is all that is needed I remain convinced that the key issue in all types of counselling is the ability to listen
