## **The Commands Of Love:**

**The Commands of Christ** Tom Blackaby,2012-01-01 Jesus says in John 15 10 11 If you keep My commands you will remain in My love just as I have kept My Father s commands and remain in His love I have spoken these things to you so that My joy may be in you and your joy may be complete The Commands of Christ is an unpacking of that key promise a simply powerful presentation of the loving imperatives we sometimes know more by rote than by heart Love your enemies Don t store up treasures on earth Seek first the kingdom of God Let your light shine before men etc Tom Blackaby s focused writing serves as a plumb line of sorts guiding us toward a vibrant commitment to the Lordship of Christ that better shapes our lives how we worship and how we relate to others You will begin to know more clearly and experience more fully the freedom that comes through obedient acts of love and service to God **Love in the Gospel of John** Francis J. SDB

Moloney,2013-11-19 The command to love is central to the Gospel of John Internationally respected scholar Francis Moloney offers a thorough exploration of this theme focusing not only on Jesus s words but also on his actions Instead of merely telling people that they must love one another Jesus acts to make God s love known and calls all who follow him to do the same This capstone work on John s Gospel uses a narrative approach to delve deeply into a theme at the heart of the Fourth Gospel and the life of the Christian church Uniting rigorous exegesis with theological and pastoral insight it makes a substantive contribution to contemporary Johannine scholarship *Love Your Enemies (A History of the Tradition and Interpretation of Its Uses)* John Piper,2012-06-30 Love Your Enemies This is one of the few statements Jesus made that is readily accepted by believers and skeptics alike Its authenticity is not seriously questioned and yet it is a revolutionary command Giving attention to various critical theories John Piper presents evidence that the early church earnestly advocated for non retaliatory love extending it to those who practiced evil in the world Such love was key to the church s own ethical tradition or paraenesis Piper illuminates the Synoptics and passages in Romans as well as 1 Thessalonians and 1 Peter with non canonical evidence investigating the theological significance of Jesus s love command Originally published as 38 in the Society for New Testament Studies Monograph Series this is John Piper s doctoral dissertation from the University of Munich It is a serious work of Christian scholarship by a long time respected author and pastor This repackaged edition features a new extensive introduction and will be of interest to scholars students and lay people who have training in New Testament studies
