The Last Time I Was Here:

Tell me I was here Tom Weber, 2026-01-13 It's been several years since his divorce but retired artisan Abdel struggles to adapt to life in a big empty house Clinging to routines and late night talks with the affable bouncer at his favourite Irish pub he is caught between confronting a painful past and an uncertain future When he impulsively decides to help the teenage runaway Lo c he is thrust into the centre of a social drama that quickly takes over his life Their journey through the alleys and beaches of Cannes brings them into contact with an eclectic cast a shop owner who curates the belongings of the departed a rebellious musician who offers Lo c a lifeline and the ever present enigmatic Wanderer Tom Weber's latest novel is a poignant exploration of grief resilience and what it truly means to have lived a life revealing a world of struggle and solidarity far from the glamour of the festival lights

There I Was: Here I Am Christine Ball, 2017-11-17 I started to write this book during a time when my mind and body were at its weakest when I could only live from one hour to the next I was living with addictions and the pain and trauma that no mother should have to endure after the tragic and sudden loss of my beautiful son Naylor It was self help that started me on a journey to recovery and eventually I learned to channel my mind body and soul This book also gives an insight to the life of a little boy growing into a man while battling grief for his father and struggling to live his dream I wrote this book from my heart I relived every word and it wasn't easy I am from the Romany culture and so I found it hard to put my private life in black and white for everyone to read but doing this has enabled me to help so many others My book is raw but honest and I know that it will help anyone who is also going through unbearable emotional pain to know that they are never alone

Wish I Was Here M. John Harrison, 2025-09-30 One of our greatest and most original living writers sets out the perils of the writing life with joyful provocation in this anti memoir M John Harrison has produced one of the greatest bodies of fiction of any living British author encompassing space opera speculative fiction fantasy and magical and literary realism But is there even an M John Harrison and if so where do we find him This is the question the author asks in this memoir as mystery turning for clues to forty years of notetaking A note or it never happened A note or you never looked Are these notebooks records of failed presence How do they shine a light on a childhood in the industrial Midlands a portrait of a young artist in counterculture London on an adulthood of restless escape into hill and moorland landscapes And do they tell us anything about the writing of books each one so different from the last that it might have been written by another version of the author With aphoristic daring and laconic wit this anti memoir will fascinate and delight It confirms M John Harrison still further in his status as the most original British writer of his generation
