Things You See:

It's Not WHAT Things You See, It's HOW You See Things! Allen Daugherty, 2022-03-29 It's Not What Things You See It's How You See Things deals with many of the issues that are plaguing people in every walk of life. These things may not seem to be as destructive as the pandemic or natural disasters, but I guarantee they are extremely damaging to those involved. Suicide plagues the United States at a clip of over forty-eight thousand a year. Many of those suicides are due to how people look at themselves. It is estimated that every sixty-two minutes someone dies of an eating disorder. How many of these deaths are also caused by self-image issues? And looking at all the murders and crimes that take place, it is very easy to see that many have a depraved view of human life. Imagine shooting an automatic rifle into a crowd of innocent men, women, children, and yes, infants. Racial tension has never been worse. Many choose to be a part of the problem instead of the solution. People of all races should be working together to solve other problems instead of fighting and creating a huge one. The truth is many of these things are not caused by what things we see, but how we see things. By the time you finish this book, your eyes will be opened quite as to why things are the way they are, and if we are all willing to change, how we can see things differently to bring about the change that we so desperately need. This book is dedicated to our children and grandchildren that must inherit the world that we leave them. Let's leave them a good one. *Collection of Plays Ca. 1870-1914*, 1902
